# Approval Given To Plan 'F' by Orinda Board

A unification recommendation by "Study Group West," which would split in two the Acalanes Union High School District, received a strong boost Monday night. The board of trustees of the Orinda Union School District voted unanimously to support the "West's" endorsement of Plan F of the O'Dell report to go before the people for a vote.

Since the O'Dell report on unification of the Acalanes Union High School District was completed by Stanford Research last June, it has been studied by school officials representing both "East" and "West."

**J. GORDON AINSWORTH**, chairman of the Orinda board and of "Study Group West," gave the endorsement of his subcommittee for Plan F. He submitted the "West's" report to the trustees at the regular board meeting at the Pine Grove School library Monday night. The following night he submitted the report to the County Committee on School District Reorganization.

"Study Group West's" unification report was prepared by school officials representing the Orinda, Moraga and Canyon areas.

"Study Group East," composed of the Lafayette and Walnut Creek school districts, has also approved Plan F. Irving Kraemer, chairman of the Walnut Creek Elementary School Board, heads the "Study Group East." It recommends that Plan F be submitted to a vote as soon as possible.

**THE COUNTY AUGMENTED** Committee on School District Organization will go over both "West" and "East" reports at a meeting May 2. It will be held at 8 p.m. at the Acalanes library. The public is welcome, according to Dr. H. Frank Bradford, acting secretary of the county committee.

If accepted by the augmented committee, Plan F will go to the state board of education. If approved there, an election will be held in the affected areas.

Plan F is but one of many possible choices given in the O'Dell report for unification of the Acalanes district.

Under Plan F, the two segments would be: Orinda-Moraga-Canyon and Lafayette-Walnut Creek.

**THE COUNTY MASTER** plan for school district reorganization into unified districts must be submitted to the state by September 15, 1963. If Plan F isn't accepted by the state board, another study will be started by the county committee.

"Study Group West" has made the following recommendations:

1. **POSTPONE** selection of a name for the new district until after the election.
2. Present to the voters the question of assuming the outstanding bonded indebtedness at the time of the election, and assume the bonded indebtedness of the high school district on the basis of proportion of assessed valuation.
3. **MIRAMONTE** and Campolindo high schools will provide adequate housing through 1966 "West" and "East" reports at a meeting May 2. It will be held at 8 p.m. at the Acalanes library. The public is welcome, according to Dr. H. Frank Bradford, acting secretary of the county committee.
4. Divide high school district property on the basis of ratio of assessed valuation. The ratio as of 1961-62 is about 65 per cent East and 35 per cent West. Both subcommittees have agreed to this formula.
5. The new board of trustees would consist of seven members to be elected at large.
6. **THE MAXIMUM** tax rate would be \$4.49, in accordance with the provisions of the law.
7. Only those electors who reside in Canyon, Moraga and Orinda will be permitted to vote on the proposal.
8. No changes of boundaries between East and West are recommended.
9. **THE ELEMENTARY** schools concerned previously approved the proposal to put Plan F to a vote of the people, and are expected to reaffirm their approval at their next meetings.
10. **PROBLEMS** presented by state aid have not been resolved, since its effect on the proposed plan is now under study by the district attorney's office.

Ainsworth said that the subcommittees would present any further information that might be required by the county committee.

## Sheriff's Office Race Will Be 4-Way Contest

The contest for the job of county sheriff will be a four-way race in the June 5 elections, according to County Clerk Walter Paasch. Incumbent Sheriff Walter F. Young of Lafayette will be opposed by former sheriff Harry Brown of Alamo, Vernon Conway, security investigator and Concord businessman, and Alan Rhodes, Danville constable.

District Attorney John Nejedly will be unopposed.

County Supervisor Thomas J. Coll, of Concord, will defend his office as supervisor for the third district against former supervisor Ray F. Taylor, real estate broker of Martinez.

Other candidates who are running unopposed are: Floyd Marchus, incumbent school superintendent; E. V. Wanaka, present assistant assessor who is running for retiring assessor C. Lou Dunklee's position; Howard McNamer, incumbent auditor; Dr. H. L. Fraser, incumbent coroner-public administrator; and Walter T. Paasch, incumbent county clerk.

County voters will also ballot

## Strychnine Used in Dog Poisonings

Strychnine is the poison being used by the Orinda dog poisoner, the Contra Costa sheriff's office revealed today.

Earlier this week, two dogs recovered from a brush with death due to poisoning. Authorities linked these poisonings with the deaths of two other Orinda dogs recently.

Ralph C. Holm, 214 La Esplanada, Orinda, and William Wickman, 1002 Hook Avenue, Pleasant Hill, reported poisoning attempts on the dogs, both of whom were saved by immediate first aid.

Holm said a veterinary who treated his dog said it was a victim of poisoning. The Wickman animal was treated at home when it became violently ill after eating a piece of meat found on the Wickman lawn. The meat has been turned over to the sheriff's office for analysis.

The sheriff's office is continuing the investigation.

## Orindans Train to Fly Jets in Texas

Second Lieut. Alan P. Gaffaney, son of Walter P. Gaffaney of 2 Valley Drive, Orinda, has entered United States Air Force pilot training at Reese Air Force Base, Texas.

Lieut. Gaffaney, a graduate of San Jose State College, will fly T-37 and T-33 jets during the year-long flying training course. He also will receive special academic and military training and will be awarded the silver wings of a pilot upon graduation.

The lieutenant is married to the former Beverly G. Warford

## Diagonal Lines To Regulate Deadend Parking

In order to get more cars parked, provide better parking and to comply with the law, there will be diagonal stripes painted at the dead end of Orinda Way. The Contra Costa County street maintenance department will paint the stripes the first of May. Commuters park their cars in a jumble on the site now.

Before the freeway went through, Orinda Way used to extend through to the crossroads. Since it became a dead-end, commuters have used it for an unofficial parking lot. The Orinda Chamber of Commerce under the leadership of Ken Courtright, president, and Clarence Betz, secretary-treasurer is backing the plan to maintain orderly parking in the area.

**THE ORINDA** parking authority, through its chairman John Ogden, has come up with a plan requesting the East Bay Municipal Utility District, the state and the county to sell their portion of the property. While negotiations are going on, the stripes will be painted.

**THE CHAMBER** feels that this is the best way to comply with the law while the exchange of property is going on. It is illegal to park in the middle of Orinda Way, as commuters are doing.

Under the new program, cars may be parked either in the Shell parking lot adjacent to the area or in parking stalls. These will be provided on either side of Orinda Way, between Santa Maria Way and where Orinda Way dead-ends toward the cloverleaf.

## New Policy For County Hospital Care

A new policy setting up procedures for taking of reimbursement agreements between patients and the county hospital was approved this week by the board of supervisors.

The policy requires that each patient be told how much money he owes the county, whether or not he will ever be billed.

The type of patient allowed hospital care has been restricted, county hospital facilities will be limited to indigents and patients with medical needs served only by the county hospital.

County Administrator J. P. McBrien said the policy is the one always in force, with a few minor modifications by his office and Medical Director Dr. George Degnan.

In other business, the supervisors took these steps:

- 1-Set April 24 for a hearing on a proposed fire prevention ordinance applying to all county fire districts. The ordinance provides uniform regulations controlling fire hazards, particularly gas and oil products.

## April Showers Do Not Show

## Planners Okay G&L Request To Rezone 365 Sleepy Hollow Acres

PARKING IN THIS AREA will be regulated in order to provide more space and less confusion. The plan to be provided is shown in this diagram of a cross section facing the cloverleaf.

## Crowd Shows For Decision On G&L Corp.

Before a crowd of Orinda-Lafayette residents, the Contra Costa Planning Commission voted unanimously to recommend approval for G & L Investment Corporation's request to rezone 365 acres in Sleepy Hollow. The commission instructed a staff to prepare a resolution of approval at an open meeting at the Hall of Records, Martinez, Tuesday at 8 p.m.

The recommendation when completed will go back on the agenda. The Board of Supervisors will set a date for the next public hearing, probably in May.

**SAM HALL**, attorney, represented G&L. Representatives of three civic organizations acted as spokesmen for residents who were concerned about the rezoning. They were: Percy Dawson, president of the Sleepy Hollow Improvement Association; Robert Kahn, president of the Happy Valley Improvement Association; and Dick Bartle, chairman of the planning committee of the Orinda Association.

J. L. Sheaff, superintendent of the Orinda Union School District was also present.

It was Kahn's suggestion on March 8 that postponed a decision of the commission at that time. He proposed the delay to allow residents time to study and comment upon various reports.

Kahn asked Tuesday night why something couldn't be done to keep the land agricultural until existing land was used up. He stated that there was sufficient land available zoned for residential land.

The 365 acres is located at the northeastern end of Lombardy Lane. It extends eastward to Happy Valley Road. Some of the traffic generated from the proposed development would hit the Happy Valley area. This explains the continuing interest of the Lafayette group represented by Kahn.

**SHEAFF STATED** that there would have to be a school site on the property as far as he could see. The land now is in the Martinez school district. However, its proximity to the Orinda district would raise another question as to zoning.

The original public hearing was held January 2. Frank Draeger, representing G&L said that the building program would extend over an 8-10 year period. He said that a new sewer line would be installed and that school sites would be made available.

A report presented at this meeting from the county flood control district indicated that there was no danger of flooding from the proposed development.

A field trip was taken by members of the planning staff on January 19.

**AT A CLOSED** meeting on February 6, a decision was postponed until March 6. At this time, Kahn's request for another postponement was unanimously agreed upon.

When G&L submits a map to the Board of Supervisors, the questions of schools, utilities, roads, etc., will be taken care of. The map cannot be officially recorded prior to the board's decision on rezoning.

G&L complied with requirements in the general plan, according to a planning staff member, and the commission had no alternative. Commissioner Jennings was absent. Commissioner Boone Robinson made the motion for approval.

## Where's the Fire?

The Orinda Fire Department answered the following calls last week:

**SUNDAY** — 12:10 p.m., 39 Via Floreado, grass fire; 10:01 p.m., Santa Maria Parish, first aid call—broken rib.

**TUESDAY** — 6:43 p.m., 40 Miner Road, burst water heater.

## S-L Companies Hiking Interest

Today's magic number is 4.75 as nearly all of the savings and loan associations in this area move to conform with their Bay Area colleagues or competitors in boosting the interest rate on savings to the 4.75 per cent figure.

Eight East Bay firms already have boosted their interest rate from 4.6 to 4.75 and most of the rest were expected to follow suit today or over the weekend.

The California Savings and Loan League predicted a similar rate advance in Sacramento. San Diego also has been holding out against the increase along with three major Los Angeles firms.

## Never Had It So Good . . .

Mrs. E. A. Behrens of 3079 Diablo View Road in Lafayette, used a Sun want ad to sell a gas stove, waist high, with a broiler, good for a cabin.

**Cora Chamberlain** said "Help, Help" in her Sun want ad and obtained a crib for a two-year old at her home in Concord.

These are just three more typical "success stories" which credit The Sun's 5-in-1 system where each want ad goes into The Sun Shopping News on Wednesday and the regular subscription newspaper on Friday: The Suns of Walnut Creek, Pleasant Hill, Orinda and Lafayette.

## President Mum On Demand for McCunn Ouster

William Kretzmer, president of the Contra Costa Junior College District, has refused to comment on the latest demand for the removal of Drummond McCunn from his duties as superintendent of its two institutions.

"No comment" was the manner in which Kretzmer reacted to a letter from a group known as "Friends of the Junior College" in which the board was asked to suspend McCunn pending the findings of the recent probe by Personnel Standards Commission.

The letter further insisted that McCunn be required to turn over any data he may have regarding misconduct of faculty members.

**THE SUPERINTENDENT** twice agreed to appear before the investigators during their week-long probe recently and then balked at the last minute. The findings of that board are now being prepared for study and analysis.

The letter from "Friends of the Junior College" was signed by John Cressman and William Houff of Walnut Creek and Dorothy Powell of Alamo. They pointed out:

**"ONE OF THE** reasons that Dr. McCunn gave for not appearing was that it would be necessary to present confidential personnel data to the panel, which data should only be presented to the governing board which has authority to act upon it."

## Getaway Car Provides Sheriff with Clues

A tan Volkswagen found deserted in Orinda Saturday provided clues of the Safeway robbery last Friday at Rheem Center. Sheriff's deputies identified the Volkswagen as the getaway car in which three men escaped with \$3500.

There was discarded clothing in the car. Although the labels were torn off, the garments provided leads on which the sheriff's office are now working.

**ACCORDING TO** Burdette Bushman, manager of the Rheem Safeway store, the Loomis armored truck made their regular pickup and delivery at 10:35 a.m. Five minutes later, the bandit appeared, his arm in a sling.

He had a revolver concealed in the sling. Showing it to Bushman, he ordered him to "get over and open the safe."

When Bushman turned the dial to the last digit, the gunman poked the gun at him, causing him to miss the number. As he dialed over again, the gunman demanded: "Whattaya doin'—stallin'?"

**AFTER TURNING** over the contents in the top compartment of the safe, Bushman was ordered to open the bottom drawer. He said that only Loomis had the key for that drawer. However, the gunman forced him to try every key on his keyring before he would believe he would believe him.

Then the gunman left with the money in a brown paper shopping bag with fibre handles.

The drawer for which he risked being captured WAS empty.

# Orindan Takes Orindan's Spot At Wells Fargo

An Orinda man retired as the Oakland chief of Wells Fargo Bank and was succeeded by another Orinda man. Kendrick B. Morrish, 35 Rheem Road, Orinda, was designated the bank's top officer in the 15-branch Oakland district by Ransom M. Cook, president.

He succeeds Kenneth Gelwix, 6 Mira Loma, Orinda. Gelwix's association with the bank dates back to 1921. In 1934-36 he was vice president and manager of the bank's main Berkeley office.

KENNETH GELWIX

KENDRICK MORRISH

JOHN L. STOFFEL

since then has headed the Oakland district and main office. AN OAKLAND and Alameda County civic leader for many years, Gelwix has been an officer or director of such groups as the Chamber of Commerce, Community Crest, Parking Association, Red Cross, YMCA, Junior Achievement, and Guide Dogs for the Blind.

Morrish, 55, is a native of Berkeley and a graduate of the University of California. He has been the number two man in Oakland since joining the bank in 1948.

Both he and his father, Will F. Morrish, served as president of the Oakland chapter of the American Institute of Banking.

## Brig. General At Capitol Reserve Meet

Brigadier General Rollin B. Moore, Jr., of Orinda, commander of the 349th troop carrier (Golden Gate) wing, attended the recent meeting of the Air Reserve Forces Policy Committee in Washington, D.C.

Members of the committee reviewed recommendations made to it by lower echelons of command. These regarded suggested improvements in organization and function of the Air Reserve Forces. Final action by the committee is made by way of approval, or disapproval, of such suggestions with their placement before the secretary of the Air Force, Eugene Zuckert.

Unique feature of this committee meeting is its tour of United States Air Forces Europe (USAFE) locations in France, Germany and Spain where recalled units of the Air National Guard are performing their extended active duty in response to the president's build-up of armed forces in connection with the Berlin crisis.

Commanders of these units will have the opportunity of discussing possible areas of improvement in mobilization plans with members of the top-ranking committee. Members will return from Europe to Washington on or about April 12. Then they will return to their home locations.

In event of war or national emergency, General Moore's organization is one of 13 reserve troop carrier wings possessed by continental air command, which could possibly be recalled to active duty.

## Bridge Groups Play for Funds

Twenty-five Orinda Parents Club bridge groups are functioning at the present time. The mothers participating are having lots of fun and making new friends for the price of a 50-cent contribution to their child's school. So far this school year over \$600 has been raised in this manner. The money goes to the various parents' clubs and is allocated to library books or any necessary items the school budget does not provide for.

Any interested bridge-playing mothers in Orinda are urged to participate even as substitutes for the remainder of this school year. For further information contact one of the following school chairmen: Del Rey, Mrs. Herbert LaVigne, DR 6-5801; Glorietta, Mrs. Tom Widener, CL 4-8376; Inland Valley, Mrs. Marvin Yost, CL 4-3129; Orinda, Mrs. N. N. Daniloff, CL 4-2049; Sleepy Hollow, Mrs. Reno Calomito, CL 4-4801; Ivy, Mrs. Philip Bush, CL 4-3974; and Pine Grove, Mrs. James MacDonald, CL 4-3398.

## RC Chaplain to Talk to Teens

Father Francis Maurovich, Catholic chaplain of the Air Force Reserve, will present a streamlined program especially for the teen-ager. He will speak April 14 at 9:30 at the parish hall of Santa Maria Church, Santa Maria Way, Orinda.

He and his wife, Marian, have two sons, William and Thomas.

Advancing to the post of vice president and assistant manager of the main office of Wells Fargo Bank in Oakland is John F. Holman, vice president there since 1957.

Holman, 51, resides at 3154 Lucas Drive, Lafayette, with his wife, Yolanda, and three children. A native Californian, he has been with the bank since 1928.

From the Chico bank comes word that John L. Stoffel has been elected assistant vice president and manager for the Wells Fargo branch there. Stoffel was manager of the Orinda office from 1947-53.

## Miramonte Mirror

### Spring Starts Trek to Beaches and Mountains

By ANN LINCOLN and KITTY MIKA

Spring weather seems to be sending Miramonte teens toward the beaches and the mountains. Studying is hitting its typical low ebb for the year because of the fast-catching spring fever.

McClure's beach was the spot for a Rat Pack beach party recently. Some of the couples enjoying the sun and the sand but not so much the water... in few cases... were John Lathan and Sandy Poulsen, Doug Rasmussen and Sue Starkman, Greg Peterson and Pat Canfield.

Roger Howard and Sharon Hewbschwerlen, Keith St. Clair and Candy Hackler, Mike Chance and Janice Hempstead, George Harris and Sharon Bray, Skip Spaich and Jackie Villata, Marty Spittler and Georgia Glacy, Steve Beckett and Chess McIntyre, Don Flenner and Ellen Goldsmith, John McIntyre and Allison Hanford, Johnny Cooper and Janice Fowler. Doug Rasmussen had a party that night for all the sand-covered, sun-burned beach bums.

Last weekend Larry Lahman, Kent Miller, Dick Sutcliffe, Kitty Mika, Mark Baker and Mike Sorem went "tennis" at Sleepy Hollow Pool. It seems there was quite a mess when somebody taking lessons kept hitting more and more and more tennis balls into the courts.

Kitty Mika, Sharon Nielsen, Linnet Trefts, Sherry Odenthal, Wendy Wilcox got up at four in the morning and left for a day of skiing at Squaw Valley. Quite a few sun-burned faces such as Judy Hopkins' looked pretty funny because of the white marks left from their ski goggles.

Dick Miller and Wendy Wilcox, Bonnie Kent and Sam De-Franco went to see one of the most popular movies now showing... "Children's Hour."

Grigg Dewitt, Chris Campbell, Dan Withers and Karen Nattress went to see "King of Kings." It seems that the "gigantic spectacle" is catching on, because Bonnie Henning and Jim Allen went to see El Cid after a Japanese dinner at the Sukiyaki House.

Pam Pearson and Paul McChesney took heed of KEWB's most authoritative advice, and went to see "Majority of One."

Sharon Neilson and Bob Pothier found the Imperial Palace in Chinatown a little too ritzy for them, as they were asked to leave because Bob wasn't dressed properly... he had on Bermuda shorts!

This last week was certainly "All Shook Up," especially as far as the senior class was concerned. With the Senior Play last weekend, rehearsals lasted quite late each week night before the play, and it was a struggle for most of the cast members to keep their eyes open during classes.

Opening night on Friday found the Miramonte gym packed with 850 students and parents. "All Shook Up" was a great success and congratulations should go to all the principal characters—Marc Jacobs, DeeDee Davis, Sharon Calavan, Marcia Brankamp, Pat Kelly, Jay Jacobus, John Calderwood, Jean-Michel Siere, Anthony Roegiers, Bill Cryer, Dave Robinson and Jake Jacobsen.

To those who did such a fine job back stage—Tom Gaffaney, Brian Traynor, Karen Olsen, and their crews. The whole senior class extends their thanks to the fine directors, Mrs. Brauneoller and Mr. Sanford, and to all the teachers who helped.

Some of the many who were in the audience enjoying the play on Friday or Saturday night were Hester Harris and Mickey Kazar, Jackie Edenholm and Joe Katying, Bill Lincoln and Claudette Tonascia, Linda Tiefert and Hap Parks, Linda Sage and Jerry Koch, Sybil Elgas and Bill Loughlin, Judy Zimmerlin and Mark Withers, Laurel Rossenthal and Charlie Eldred, Sherry Sharp and Keith St. Clair, Sharon Nielsen and Bob Ponthier, and Wendy Wilcox and Dick Miller.

After the first performance members of the cast and some of the audience migrated to T-Bones where they ate, danced, and discussed the performance. Some of those packed into T-Bones were Ron Jouthas, Paul Barrett, Pam Pearson, DeeDee Davis, Joan Calderwood, Nancy Englehard, Tara Doty, Iris Scott, Tom Gaffaney, Carol Gilmore, Anthony Roegiers and many many more.

Saturday members of the Freshman class headed up highway 40 to Donner Ski Ranch where they enjoyed a great day of skiing. Greg Le Grand, Connie De Laveaga, Joyce Thompson, Sue Harlander, Tom Gloy, Tom Unruh, Sue Leftwich, Janet Hawes, Tom Archer, Mike Roth, John Simpson, Drew Hartanov, John Barkley and Bill Cunningham were a few of those bombing down the snow covered slopes.

Don Kidd had a dinner party Saturday night in honor of Ron Villata's 21st birthday; one problem though — Ron was in Arizona. It seems that the party was a great success anyway. Don and Sue Nicolaean, Jackie Mead and John Cooper, Jackie Villata and Skip Spaich, Sharon Campbell and Dick Guthrie, Mary Jo Suardi and Randy Jameson, Gail Kedd and Gary Wolf, Bonnie Kent and Sam De Franco, Pat Barnes and John Rielly and Sheri Sage and Bill Schwark all managed to enjoy themselves immensely.

It seems Saturday night was quite the night for parties with another one in the direction of Sleepy Hollow at the Merriam's house. With the Senior Play over with, all were in a celebrating mood, and the party was such a good one that it lasted into the early morning hours.

Some of the many who swarmed to the party were Cecil Crutchfield, Pam Pearson, Paul Barrett, Jackie Edenholm, Robin Alvarez, Carolyn Colburn, Rich Adair, Mary Baker, Mike McQuaid, Nancy Englehard, Brad Peter, DeeDee Davis, Grigg DeWitt, Sue Hancock, Anthony Roegiers, CeCe Kettle, Bill Cryer, Ginger Ketsdever, Jay Jacobus, Marion Neff, Jean Siere, Jeanette Miller, Ron Jouthas, Sue Brown, Paul McChesney, Sue Nattress, Dan Withers, Karen Nattress, Ron Kay and Allison Hanford plus seeds more.

A gang of sophomore girls surprised Sue Brown for her 16th birthday at Sharon Hewbschwerlen's on Saturday night. It was a surprise for Pula Corsi, too. She was really shocked since she had been making the plans for Sue's surprise. Some of the girls at the party who went to the Senior Play afterward were Carol Myer, Karen Nattress, Gail Baker, Chris Campbell and Chrissy Voll.

Sue Fernston was certainly a happy girl Saturday night. She and Dean went to Chinatown, and in the CORVETTE, no less.

It seems the end of the quarter has hit us again which brings on one of Miramonte's best known traditions—the report card. All we can say is good luck to all.

Attention Seniors. Remember to turn in your \$10 for the Senior All Night to one of the members on the committee right away.

## Orinda Lions Ask Residents For Rummage

A plea for any and all white elephants was made today by the Orinda Lions' Club in preparation for their May 10 rummage sale.

Rummage may be deposited at either Black's Market or Moraga Valley Nursery. Vasco Giani of Tony and Vasco's meat market at Black's and Bob Warshnir of Moraga Valley Nursery have volunteered to accept any contributions for the sale.

It will benefit the Lions' philanthropies, including the blind, Boy Scouts and school program.

## Inland Valley Has Heritage Program

Thirty-two fifth graders at Inland Valley Elementary School recently gave a program on "Our American Heritage." The students in Mrs. Ann Kops' room prepared oral discussions on famous Americans which they delivered to their parents and guests.

The program was the culmination of many hours of hard work. The students wrote research papers on famous Americans of their choice. The papers were accompanied by large illustrations. Topics ranged from political leaders to people in arts and sports.

Bob Bahme was master of ceremonies.

THE PROPER WAY to "point" is shown eight-year-old Jan Jackson of Walnut Creek by Grace Doty, ballerina of the Pacific Ballet Company, at a recent rehearsal of the company. Miss Doty and the ballet company made an appearance at Las Lomas High School recently, sponsored by the Contra Costa Civic Ballet Guild. The guild is a new, non-profit corporation dedicated to increasing interest in ballet throughout the county.

## Kindergarten, First Grade To Register

J. L. Sheaff, superintendent of the Orinda Union School district announces that kindergarten and first grade registration for the 1962-63 school year will be held for two days at each elementary school.

Hours are from 9-12 noon and 1-3 p.m. for all children who will enter kindergarten or first grade for the first time. Children who have attended kindergarten in the Orinda Union School District need not re-register for first grade.

The schedule is as follows: April 2 and 3, Inland Valley; April 4 and 5, Glorietta; April 6 and 9, Del Rey; April 10 and 11, Sleepy Hollow; April 12 and 13, Orinda.

All parents are urged to register children according to the above schedule in order that the school may plan more accurately for the new school term. It is absolutely necessary that birth certificates and polio immunization information be shown at the time of registration.

Under Section 5254 of the Education Code, a child must be at least four years and nine months old on September 1, 1962, to enter kindergarten in the fall of 1962. This means that a child must have been born on or before December 2, 1957, in order to be accepted for enrollment in the kindergarten in any public school in California.

A child must be at least five years and nine months old on September 1, 1962, to enter the first grade in the fall of 1962. This means that a child must have been born on or before December 2, 1956, in order to be accepted for enrollment in the first grade in any public school in California.

If you do not have children who will enter school in the fall, perhaps you have friends or neighbors who do. Sheaff said that it will be an extreme favor to the school if Orindans will pass this information along.

J. L. Sheaff, superintendent of the Orinda union school district, announces that kindergarten and first grade registration for the 1962-63 school year will be held as follows:

April 6 and 9, Del Rey; April 10 and 11, Sleepy Hollow; April 12 and 13, Orinda.

Inland Valley and Glorietta schools held registrations last week.

Hours are from 9 until noon and from 1 to 3 p.m. for all children who will enter kindergarten or first grade for the first time. Children who have attended kindergarten in the Orinda union school district need not re-register for first grade.

## Royal Coachman To Draw Winner At Village

The colorful American Airlines Royal Coachman, here from New York, will be at the Orinda Travel Service this afternoon. He will make a drawing at 4 p.m. for a free night for two at Carmel.

Sign-ups are now under way at the agency, 41 Orinda Way, in the Safeway Village Shopping Center.

"We invite all Orinda residents to come in and register," say Mr. and Mrs. William F. Sergeant, owners. It is not necessary to be present to win.

## Hats Off To...

### Ann Fries Who Buys and Sells for 'The Book Bin'

Find a rare first edition of "Little Women" (her favorite book over the years) please for Mrs. Bernard (Ann) Fries, lady who likes to read everything, does, and is the mainstay of the mothers and teachers behind The Book Bin, Miramonte's pocket-book library.

When Ann was first broached about The Book Bin idea by Carol Leland last spring, she fairly jumped over the phone with excitement. Books and Ann belong together, "especially now," says the honey-blond housewife and mother, because "there was an ideal opportunity to stimulate reading interest in good books, particularly the classics, among the high school students."

Ann lauds loud and long the teachers and mothers who have helped to make The Book Bin such a success. Of the young people who flock to buy or browse the extensive assortment of paperback books, she says "Wonderful kids! I can't say enough about them!"

Wisconsin-born, a graduate of University of Wisconsin, Ann has lived all over the United States; as a medical technician, she has worked at local hospitals; is an ardent artist and teacher of Chinese brush painting, a member of both Orinda and Valley Art Centers. # Without Hope? . . . .

Two weeks ago Allen Miller, 42, had a steady job and a home.

He didn't make a lot of money, but he was able to provide for his wife and two children (seven years and three months).

Today he does not have that job and tomorrow he will be forced to leave the home he has occupied for the past two years.

For these last two years Miller, a native of Oregon, has been a ranch hand working for the Preston Management Company in Moraga. The company manages a 40,000-acre ranch for the Utah Construction Company.

ON MARCH 15, Miller painfully injured his back while he and four other ranch workers were lifting a two-ton spray tank.

After being under a doctor's care for two weeks, Miller went back to work but found that even driving a truck caused painful pressure on his back.

When he informed the ranch manager of the fact, Miller was told that his job was terminated and that he had five days to vacate the home that came with the job.

Ironically Miller took the job two years ago following an accident on the ranch which claimed the life of his brother.

Miller came down from Sacramento for the funeral and lost a job in a service station he had held for seven years by so doing.

HIS BROTHER'S employer then gave Miller a job on the ranch.

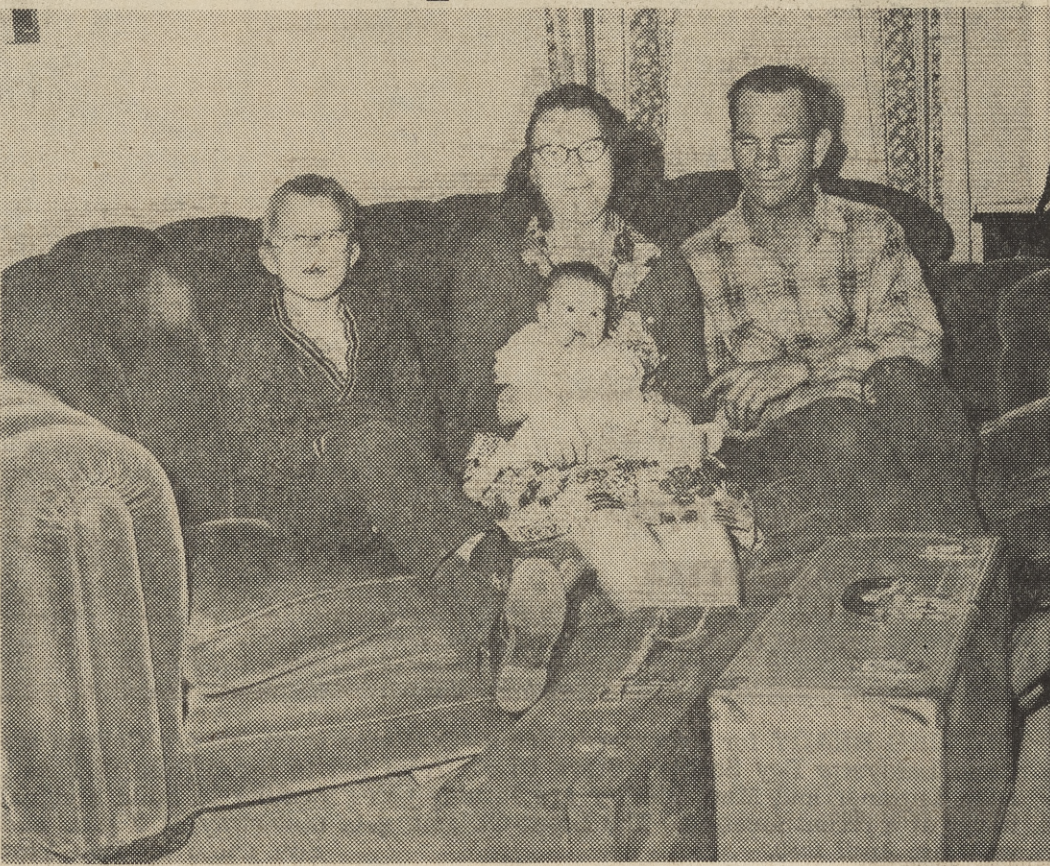

As a ranch worker Miller is not eligible for unemployment, he was told.

The county welfare department will provide \$145 per month but only \$55 of it is for house rent. And Miller has not been able to find a place to live for that price.

Since he was notified of his job's termination, Miller has sought work throughout the area. However, he was told by a specialist this week that he can do no heavy work or lifting for several more weeks. If he does, the ailment could become chronic.

His search for a job of some kind has been fruitless so far. Miller was first given until Wednesday before he had to move out, but the notice was extended until tomorrow.

With the deadline less than 24 hours away, Miller still is

jobless and still has not found a place to stay. The family is packed, but isn't sure where they'll be going.

The welfare department has put through a special request for Miller and his family, but a check will not be available until Monday.

THE MILLERS have their own refrigerator, washing machine, TV set and bed in the bungalow at 1004 Larch Avenue. However, all is being purchased on time, Miller said.

Bills for gas, lights and the telephone will just have to wait, Miller said, until I find a job of some kind. The doctor pointed out that office work would be the only thing Miller could do for a while.

Miller points out that he doubts if he can stay in the house after tomorrow.

And after tomorrow, Miller's future is uncertain—it not bleak.

When a man comes to me for advice, I find out the kind of advice he wants, and I give it to him.

## County Receives \$151,831 Tax Fund for Roads

State Controller Alan Cranston today announced the apportionment of \$28,425,319 from the highway users tax fund among the state, cities and counties.

The controller said the state's share of the March apportionment was \$18,574,285, to be spent on highways. The counties received \$7,122,406, and \$2,728,628 went into the state highway fund for cities.

Contra Costa County's share was \$151,831.52, Cranston said.

## Business Firms Visited As Cancer Drive Starts

Canvassing of local business concerns begun this week marks the American Cancer Society's first step in its month-long April

campaign to educate and underwrite cancer control, according to John L. Cooley of Walnut Creek, Contra Costa drive chairman.

"Business and industry are paying increasing attention to the cancer problem because cancer among their employees often leads to large-scale financial loss," Cooley pointed out.

"In a single year cancer keeps more than 300,000 American workers off the job. This causes a loss in wages and medical expenses of approximately \$400 million a year," said Cooley, who has spent most of his business life performing and directing research for Standard Oil of California.

FORTUNATELY, the county chairman added, research and education programs have helped to reduce the loss of life from this disease. In 1937, for example, only one in seven Americans stricken with cancer could be cured.

Today, one patient in every three survives, and with universal earlier detection this cure rate could be increased to one patient in every two.

"Business leaders have been especially impressed by the crash nature of the program against cancer," Cooley declared. "It means something to them when the American Cancer Society says that it intends to go out of business when a cure for cancer has been found."

MORE AND more businessmen are telling me that they consider it a sound investment to budget funds for programs of cancer control, because the money contributed to this cause comes back to them in the form of better health and longer life for the people they employ."

Cooley said that 5000 letters accepting businessmen's stake in finding the answer to cancer were in this week's mail to concerns here and in other parts of the county.

# Nixon Hits Spenders

Former vice-president Richard Nixon did not directly attack the Democratic Party Tuesday night at the Concord Chamber of Commerce non-partisan installation dinner but he hit the "heavy federal spending program" in Washington, D.C. now under the Democrats' supervision.

Nixon spoke to more than 400 persons in a packed banquet room of the Concord Inn, after shaking hands with an estimated 2000-plus persons earlier in the afternoon at the Walnut Creek Elks Club.

He arrived at Buchanan Field in mid-afternoon, and planned to remain in the San Francisco area through the weekend.

His local visit was preliminary to the June primary election, where he will seek the Republican Party's nomination as candidate for state governor.

"THE EASIEST thing for a politician to say to the voters, is, 'Don't worry about it, the government will take care of it,' Nixon told the installation dinner listeners.

"But both on the national and state level, it is up to private enterprise, not government enterprise, to insure future economic progress and a strong front against Soviet Union competition," he said.

"We have got to learn to cut the expenses of state government or the state will not remain in a strong competitive position compared to the mid-west and eastern states," Nixon added.

Nixon noted that the chamber of commerce is one of several organizations which affords the citizen a chance to assist the private economy of his city or area, adding that some \$500 billion of the \$600 billion annual national product comes from the private economy.

THE REAL opportunity for most people to help keep their country strong is through action on the local county and city level, not on the national level, Nixon explained.

## Parks Files Complaint Vs. Writer

Lt. Col. C. C. Parks, USA (ret.), 69 Barbara Court, Orinda, filed a cross-complaint in the litigation over novelist Niven Busch's latest screen play. It was filed recently in Contra Costa Superior Court.

The Orinda man's action was in answer to a suit brought by Busch to prevent Parks from claiming any interest or proceeds from the film script of "The Execution of Private Slovik," which was sold to a film company.

Busch's suit said Parks volunteered to give technical advice on the play.

Parks believes that 20 percent or \$5000 would be reasonable compensation. He asks the court to award it. He has received nothing, the cross-complaint said, for performing various services in research, writing, editing and instructing on military matters at Busch's request.

## Ogdens, Inc. Has New Look

Ogdens, Inc., now occupies the entire building at 21 Orinda Way. The grand opening of the expanded store was yesterday and will continue through Saturday. There will be drawings for merchandise prizes at 10 a.m. and 3 p.m. Customers' stubs should be deposited at the store, but they needn't be present to win.

Ogdens was first situated in the old Orinda village with a 16 foot frontage. Five years ago, the store moved to its present location. The store front was 56 feet. As of today, it has a 120 foot frontage.

Originally staffing the store was John Ogden, his wife Gertrude, and one part-time clerk. Today Ogden's has a payroll of 19.

"Our success here is very much due to the Orinda people who have been very kind to us," Ogden said. "With our expanded facilities, we hope to be able to provide more and better service."

The building has been completely done over in plank cedar, new fixtures and lighting. The windows have been enlarged to provide plate glass show cases. Former entries to smaller shops have been blocked off, so that there are two entrances: one to the women's department and one to the Varsity Shop.

The Varsity Shop has added men's sizes in casual wear to their line. All of the lines have been enlarged. They include: little girls, sizes seven through 14; sub-teen, sizes six through 16; women, junior sizes five through 15 and regular sizes eight through 16.

## Suburbia Scribblings

By MARIE MONAHAN

### The Main Scrutiny . . .

RIGHT OFF the bat, we've got something funny. Kinda picture a two-part cartoon, like so: Commuting husband bidding wife goodbye in the morning, asks her what she is reading at the breakfast table . . . "Oh, it's the Dramateurs' Newsletter," says the good lady. Second picture: Commuting husband returns home to suburbia to find same good lady still perusing lengthy paper . . . "What's that you're reading?" "The Dramateurs' Newsletter, Dear. I'm just about finished with it."

IF YOU'RE on the Dramateurs' Mailing List, you DO get the picture . . .

A bit of news from the voluminous humorous miemo-Oh, Ohed by one Tish Winkworth, veteran member of the local Thespian group . . .

THE CAINE MUTINY COURT-MARTIAL comes on stage at Laf. Town Hall in May w/the preview night set for April 25 . . . Bruce Winkworth, who'll play Lt. Barney Greenwald & Lt. John Anton, who'll do the part of Lt. Stephen Maryk, were both chosen for the parts "because they have the right uniforms . . ." That's the story Tish dishes out, but we all know better.

BUT everybody DOESN'T have their Navy Blues so on the Wanted List: "Loan of Naval Officer's Blues—Lt. (jg), Lt., Lt. Com., Com. & Capt." Former brass may contribute by calling T. Winkworth, CL 4-5517.

"ALSO WANTED: Distinguished gentlemen to serve as members of the Court. Appearance every night not necessary, but at own convenience. Only one rehearsal required."

IF you'd like to see what it's like on the other side of the footlights, here's your chance!

ORINDA'S talented Phil Stearns will play Capt. Blakely, senior Judge of the Court . . . The best contribution to the play by the Jim Hupp's son-in-law Rolfe (Buzz) Williams who'll portray Lt. Com. John Cahallege, is that he is contributing his father, Rolfe Williams, Sr. who'll play the Old Salt, Capt. Randolph Southard.

Williams, Sr. will be giving his son a run for his money for he used to perform professionally in light opera & on radio. Currently carving a niche for himself in the art world as a well-known local painter, he's exhibited in the area for a number of years.

SO FAR, these little pearls have been picked from pages 1 & 2. Let's see what the rest of Tish's tome has to offer . . . or shall we take a coffee break first?

FASTEN YOUR SEAT Belts, Darlings! Actress Katie Genesy & her sister start their jet jaunt of the world today, will be joined in Honolulu on Sunday by Betty Reynolds, Dramateurs President, who'll take in Japan & Hong Kong w/then before returning home. Ken has given his blessing & will feed the cats while she is gone.

MAY MONTH will be a Merry one for "Toots" & Bee Betz who jet off in the other direction for a leisurely tour of France, Italy, Austria & Germany. They're renting a car, will do lots of visiting & promise to keep our local postmen loaded w/carte postales.

### No Comments Off Stage, Please . . .

WE LEAVE the Theatrics a minute o tell you that Jane & Bill Courtright are also Orient-bound comes May . . .

That Public Relations Pair, John & Nora Hampton, are going to Greece for a vacation & the Greeks Have A Word For It. They call it LUCKY! The El Toyonal couple fly first to Luxembourg (Nora always thought that was a fictitious place!) then to Rome. They'll be at Delphi for the Easter procession at Mt. Parnassus. European friends who've chartered a yacht will meet them there, & following whim & weather, the party will tour the Grecian Isles. The Wellington Rays are home from another wonderful trip abroad.

Edith Breed got off on her globe-trotting & just about now Jean Henderson must be checking her plane tickets to make sure they're really there. She & dgtr. Julie will join Jean's cousin Helen Jones & her girls in Switzerland & Voila!

LOCALLY, we love the long-time Jim Danas who move to the Southland. He's been a wknd. commuter but as soon as their home is sold, the rest of the family will join Jim in some serious househunting down there.

SOMETHING ELSE w/a Continental Flavor is the "French Twist" which DeFaria, doing publicity for Orinda Nursery School, informs us is "Not a pastry, but a party" . . . Slated to benefit the Moms & Pops w/fun at Diablo, May 10 . . . See your ticket broker.

IN ORIENTAL script (reading up & downsy) were the Orinda Art Center invites for their "Art In Springtime" event to take place next Tuesday, Apr. 10, at the Tea Garden & grounds of the Harter home, Seven Oaks Circle. The morning 'til noon affair offers Flower Arranging by Sylvia Owen, Chinese brush painting by Linda Chang, Chinese cookery by Pin Pin Liu & an Art Exhibit. Call Dorothy Traverso, CL 4-2393 or Dee Costa, CL 4-3435. No Charge to sponsors; Guests \$1.50.

VERY WORTHWHILE is the cancer film "146,000 Could Be Saved," to be shown at next Monday night's meet of the Santa Maria Women's Club, Parish Hall, 8 p.m. . . . Harriet Ainsworth, by the way, is doing Cancer publicity in the County; Jean Bates of Moraga heads the door-to-door drive end of April.

When someone asked The Book Bin's Ann Fries what her husband did, she replied he was a "Radioactive Chemist" . . . At that rate, she'd better keep her distance from Bernard, who is actually a chemist in the Industrial Applications of Radio Activity.

SIGNS OF OUR TIMES: Did you hear about the little boy who sometimes throws away his "leftover money?" . . . or the girl who, on hearing how much the new family bus cost, cried, "To think I could have bought TEN horses for that!"

YOUNG FELLA passing the Vic Graber's stately home on Rheem remarked—"That place is Colonial. I guess it's been here since Colonial Days . . ."

NEW BACHELOR in our midst is SUN news editor George Colburn, who batches in the Oak Springs area.

CONGRATS TO Bill Fiset on his new Tribune column, "Man Alive."

OH, YES! The Dramateurs again! They're pushing Opening Night tickets for The Caine Mutiny so hurry for yours w/a call to Dorris Stillson, CL 4-4419, plus any of the other dates (May 4-5, 11-12) that you prefer.

SPEND A PERFECT Springtime Day in one of Orinda's loveliest homes when a bevy of our most beautiful houses will be the settings for Friends of the Orinda Library benefit luncheon April 27 . . . Take your pick of the following—then place your reservation w/Janet Ruxley, CL 4-2577. The homes of Philip Bush, Walter Boysen, Charles Coburn, Ted Harter, William Mordy, Milton Selby, Ed Kruse, Dwight Skaggs & the Clay Sorrick.

POTLUCK on Friday, the 13th of April for the Orinda-Moraga Democratic Club just might mean burned casseroles, unjelled salads & fallen desserts, but who cares? The Honorable William J. Beard, State Commissioner, Industrial Accident Commission, will speak on Election Tactics & the Radical Right. For reservations, call Marian Harris, CL 4-0720. A-K bring salads (not wilted, please!) & L-Z desserts (no lumps allowed!) The casseroles will get their Black Friday comeuppance in somebody's kitchen! 7:30, Oak Springs Clubhouse.

SIGHTEM: It's about time — Architect Murray McNeil, Association board member Jack Cutter & Planning Committee head Dick Bartle staking a sign "Orinda Association Property" on the green sloping hills in the cow pastures off the Cloverleaf. Assoc. Meeting April 23 will be for discussion of future of land. Bring your ideas to Orinda School, 7:30 p.m.

THESE YMCA leaders worked hard to gain new members in a campaign that ended recently. Shown are, left to right, Bud Semrau, treasurer; Bob Ballock, director, and Ed Montague of the San Francisco Giants, who spoke at a membership dinner held in Walnut Creek. Sun photo by Bob Rush.

## Pine Grove Players Has Show

"A Summer of Rain" will be presented by the Pine Grove Players as their annual talent show, on April 12, at 7:30 p.m., in the Pine Grove Intermediate School all-purpose room.

The action involves the frantic preparations of Camp Gichee Gummie's variety show to be given for a rival girls' camp on the other side of the lake. Rain, mud, a blackout and unexpected visitors add suspense, suspicion and sensation to summer camp confusion.

## Foreign Students Praise Teacher-Pupil Friendship

Friendly relationship between students and teachers was the major item mentioned by six foreign exchange students when they appeared before the trustees of the Acalanes Union High School District last week.

The teacher-student relationship and democratic manner in which the schools are operated seemed to impress the visiting students most in their comparison of schools of this area and those in their homeland.

The six students are Peter Lier of Switzerland and Dany Meas of Cambodia, both attending Acalanes High; Olga Maria Acuna of Costa Rica and Enzo Lazzaro of Italy, attending Las Lomas; and Elizabeth Davidson of Sweden and Jean-Michel Sicre of France, both attending Miramonte High School.

**JEAN-MICHEL SICRE** of France and Elizabeth Davidson from Sweden both felt that the educational systems of their country were in a state of reform with the emphasis on developing an educational system more like the United States.

Students from European countries indicated that eliminating examinations result "in high school educational opportunities being restricted to the academic elite."

Sicre of France stated that the elimination process started in that country as early as 10 years of age. Students who do not qualify for the academic high school are directed to vocational schools and apprenticeships.

**ACALANES** superintendent Neil M. Parsons pointed out that students of all academic ranges and interests attend American "comprehensive high schools, such as those in this area," and that, "high schools in this country provide instructional programs that meet a wider span of student needs."

Jean Sicre of France observed that as few as five per cent of that nation's population earns high school entrance in contrast to the universal secondary attendance strived for in the United States.

The visiting French student felt that his government was turning in the direction of improving mass education opportunities and revising its heavily traditional curriculum to handle broader learning requirements.

**ALL OF THE** European students represented educational programs which are controlled by national governments. Their introduction to a school board meeting and the approach to educational management taken in this country provided a "contrast to school procedures back

home."

The students were introduced to Acalanes board members by assistant superintendent for instruction Leland Russell. Their discussion was moderated by Mrs. Phyllis Bertagnoli of the American Field Service club at Las Lomas High.

## C. C. Employees Hurl Accusations Of Job Pressure

Contra Costa County employees have condemned alleged efforts by political leaders to silence opposition through the use of employer pressure.

In a strongly worded resolution, the Employees Association, Local 1675, AFSCME, declared this week "public employees are guaranteed the same civil and political rights as all other Americans."

County Employees Union, Local 302, BSEIU, concurred in this action. The resolution was inspired by the actions of Concord Mayor Bryan Shary and Councilman Vernon Conway.

Daniel Boatwright, a deputy district attorney for the county, recently appeared before the Concord City Council to discuss a proposed bus plan for the city. Although he clearly stated that he was not speaking as a representative of the district attorney, Councilman Conway took exception to his appearance.

Mayor Shary later contacted District Attorney John A. Nejedly and allegedly misrepresented Boatwright's statements.

When the councilmen were unable to substantiate their charges that Boatwright had attempted to use his position to imply county support for his comments, Nejedly supported Boatwright in his exercise of his democratic rights.

# District Pupils Excel

**ACADEMIC ACHIEVEMENT** — Picked as the top students at Las Lomas High in their fields of interest are, left to right, Terry Taylor, liberal arts; Marsha Maguire, fine arts; Pat McFeeley, vocational arts, and Richard Carroll, math and science. The four will receive achievement cups for their top consistent performances in their studies. Sun photo by Dave Ogden.

Results of a recent Acalanes Union High School District-wide Iowa test given students in that district's four high schools, indicate that the local high school pupils averaged well above the national average for secondary students.

Dr. Robert Wendorf, director of counseling and guidance stated that results this year show, "that the average Acalanes District student made scores that are better than those made by 80 per cent of students in other parts of the nation who also took the test."

Wendorf explained that this follows the pattern observed over the last six years in which the test has been given in the district.

The Iowa test performance of schools in the Acalanes District shows that in a school for school comparison with high schools across the nation, local district secondary schools surpassed the average made by 99 out of each 100 schools who participated in the nation-wide Iowa testing program.

**THE IOWA TESTS** are given annually to Acalanes District students at the ninth and 11th grades to aid in counseling pupils in selecting their courses and to help them make decisions for post-high school education. "School averages are also carefully studied by administrators to evaluate the curriculum and the effectiveness of instructional changes and improvements on pupil progress."

The tests cover student ability in major academic fields: Use of sources of information, general vocabulary, literature, natural science background, social studies, quantitative thinking (math) and correctness of expression.

The test scores are based on national norms established by testing several hundred thousand high school pupils in the United States to give both students and schools a comparison profile of their performance in contrast to other schools and other students.

**COMMENTING** on individual student and school performance in the tests, Acalanes District Superintendent Neil M. Parsons observed that, "With students averaging in the upper 25 per cent of the nation's high school pupils and the schools themselves scoring at the ninety-ninth percentile, commendation is deserved by both students and their teachers for their test-proven competence and effort."

The district is working too, not only to serve the majority, which is apparently doing very well, but the minority of students at both ends of the academic spectrum — the accelerated learner and the pupil who is having difficulty with his studies."

The four high schools in the Acalanes District are Acalanes, which serves Lafayette; Del Valle, serving Walnut Creek-Lafayette; Las Lomas, Walnut Creek; Miramonte, Canyon-Moraga-Orinda.

# A 'Breather' Is Needed In Transit Planning

The difficulties of forming a three-county rapid transit district including Contra Costa County out of the wreckage of the original five-county system may in fact be a blessing in disguise. Since Marin County supervisors are reluctant to pull out of the district, hopes of placing a three-county system with Contra Costa, Alameda and San Francisco Counties on the November ballot appear dim.

The resulting delay may allow us time to consider the entire transit question again and view it anew.

**THERE IS NO** doubt that we in Contra Costa need some form of rapid transit, but there has been great confusion as a result of San Mateo County's refusal to approve the original plans, and the hurried attempts to construct a new system out of the remaining counties.

One point which bothers some officials is the district's decision to spend some \$60 millions for what might be considered "local" transit facilities in downtown San Francisco.

Rapid Transit District officials have denied that this \$60 million expense in downtown San Francisco, if eliminat-

ed, would allow the district to include Marin County.

But they are quick to admit that the loss of San Mateo County had a great effect on the overall district financing.

**SAN MATEO COUNTY**, although it would have contributed some \$240 millions in district bonding capacity due to its assessed valuations of properties, would have required only about \$120 millions in construction and other costs.

On the other hand, Marin County lines would involve more expense than it would be able to contribute to the district in the form of bond capacity based on assessed valuations.

It appears that even with the elimination of two counties from the district, the cost of providing rapid transit to Contra Costa, Alameda and San Francisco counties is still approaching a billion dollars.

It's time for us to take a deep breath and sit back to examine the entire transit problem again. A lot of thought went into the original five-county plans; a lot of thought should go into any new plans to be submitted to the voters.

# The Motorist Is Not Always To Blame

Spring is here, and at this time we usually like to remind motorists to watch out for kids on bikes and those little tikes chasing balls.

But police and highway patrol reports are showing this spring that the admonition should go to the youngsters themselves.

Numerous cases have been reported where young boys, exuberant over the good biking weather, have lost control of their bikes and collided with the rear or side of nearby cars.

It's up to the motorist to beware of the young cyclist out on a lark, but

there is not much he can do when struck from the side or rear.

Parents should remind their children that they should be as careful as any motorist, and especially since it is the child, not the motorist, who is injured in an accident.

It is a natural thing for a child to chase a ball into a street. He is intent only on the ball, and often the motorist cannot stop in time.

It's up to the parents.

And perhaps justly so, since they have the most at stake.

# Television Teaching--

Every local school district should examine the possibilities and costs of introducing television teaching into its classrooms, following the example being set by the Lafayette Elementary School District.

An intelligent decision on whether television teaching is the answer for any individual district cannot be made until the best possible plan is proposed, and the costs to the district be examined in the light of other districts' experiences.

Television teaching, criticized by some educators, seems to offer a partial solution to the teacher shortage and this is especially true in the elementary-level language instruction.

**STATE LAW NOW** requires introduction of foreign languages into the elementary grades with a certain length of time, and districts already moving ahead on this have found that finding good teachers is the main problem.

In fact, in the Walnut Creek School District, the decision to teach French instead of Spanish in the elementary grades was influenced by the fact that good French teachers were available and good Spanish teachers were not.

Although the limited introduction

of television teaching in a district will involve a considerable expense (Example: Lafayette District initial expense, \$19,845; overall expense, \$138,000), still, such sums are small when compared to the average central county district's annual budget.

The debating is still going strong concerning the merits and drawbacks of television teaching, with the loss of personal contact between teacher and pupils considered a big factor.

**PROPOSERS** describe how the best teachers can be utilized for the benefit of a much greater number of pupils.

Don Williams, Lafayette assistant superintendent, has said that closed circuit television teaching will be needed, "... if we are to continue the best standards of education."

The abilities of skilled local residents might be best used on television whereas their explanation of their professions would be of more limited value when delivered only to a few students, face-to-face.

Whatever local district administrators and trustees feel about television teaching, the subject needs careful consideration.

# The Staff Corner On Crusade Fever....

By JANE PUTNAM

When I told a friend that I was going to work for the Sun, she said: "Oh, good! Now you can crusade!"

This is the very bug I've fought against since we moved from Piedmont to "the county," five years ago. I used to smile with detached amusement when our Contra Costa friends got riled up over zoning, sidewalks, schools and the multifarious other local controversies issues.

They took sides. They circulated petitions! They attended meetings! They fought with their neighbors!

**LIVING IN A** community that was set in its ways, it was difficult to imagine that Crusade Fever was catching. Not for me, I told myself when we built our house. There was enough controversies to settle under our own shake roof.

Not long after the moving van pulled away, I learned that we would have to decide whether we wanted the place where we lived to be called "Rheem" or "Moraga." And who leaped to her feet in the front row of a bitter meeting which nearly resulted in fistcuffs between proponents for each side?

Time and again I tried to remain neutral. But neutrality was a luxury left in the city.

**HOW COULD** you know the fire chief and not care about the department's equipment? How could you know the men on the school board and sit back and hear them malign? How could you know the school's need for expansion and not fight for bonds? How could you see the land consecrated and not protest? How could you see prejudice take root and not try to weed it out?

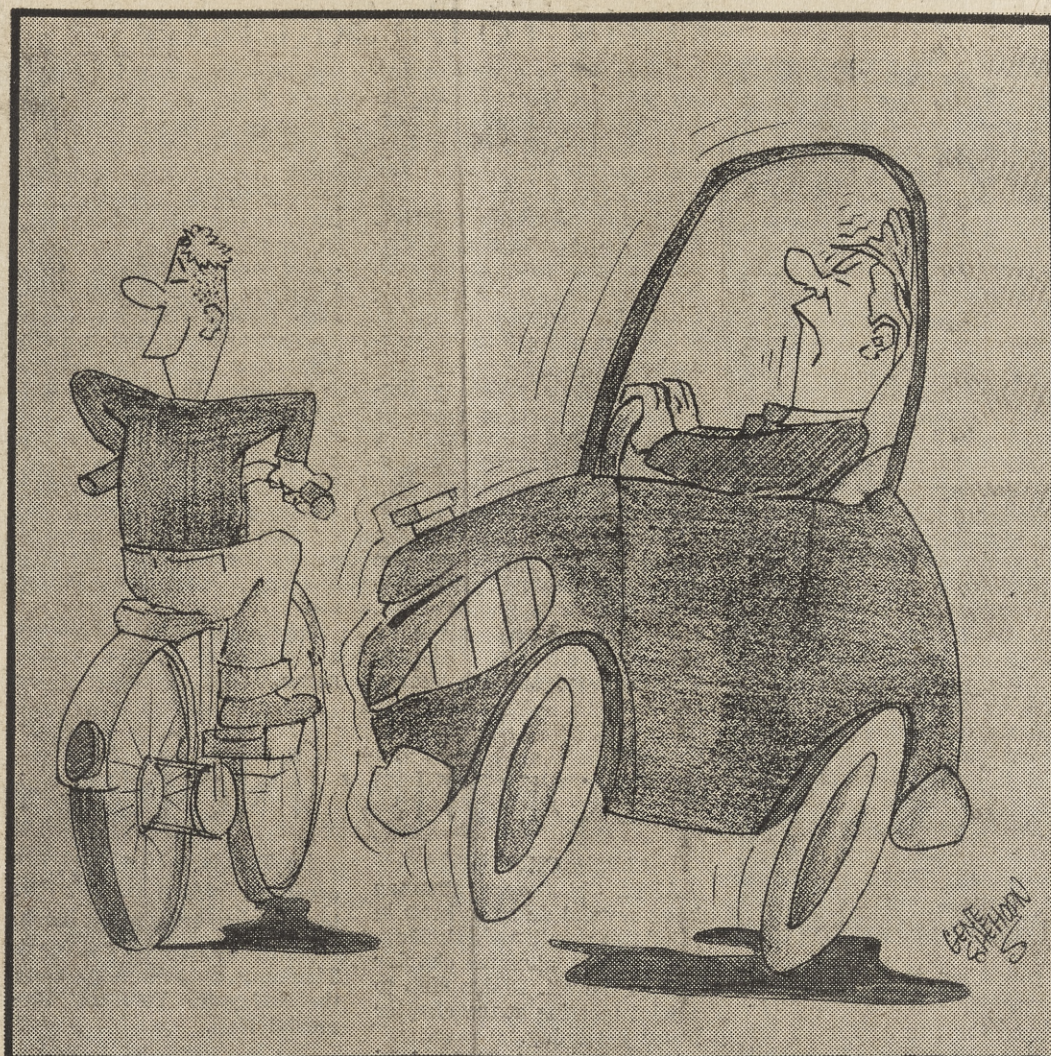

**IF YOU COULD** sit back and not care, not care enough to do something about it, you didn't belong here. You'd better move back to Tradition Town where all of these things had been settled—for better or for worse—long ago.

There is something frightening about Crusade Fever... Something about knowing that the precedents you set are set in cement for generations to come... it will take a block buster to break them.

The responsibility you feel is probably no less than that of crusaders down through the ages. And the results are as disappointing—or as satisfying.

Why fight it? Crusade Fever is not something buried in the dim past. It's for you and me here and now—like it or not.

## Whose Fault?

## We Like It Here... Just a simple case of April Foolishness...

By MARIE MONAHAN

O SING ME A SONG, A-Tisket, A-Tasket!  
Tie me a bow on a pretty straw basket.  
Dust off all the jump rope, oil up the skates.  
Let roses start climbing on yon garden gates!  
Find me a seesaw, fetch me a swing.  
CATCH ME a robin who'll teach me to sing!  
I want to turn somersaults  
That's just how I feel.  
I envy the girl who can twirl a cartwheel.  
IT'S TIME for Spring Chickens. Time for Spring Lamb.  
Time to pick parsley to garnish the ham!  
Spread picnic hamper on cloth of pink clover...  
Call me an April Fool! That's me all over!  
I'M WEAVING lazy-daisy chains.  
I'm waving Goodbye to the winter rains.  
I trek to the woods to track down a Trillium.  
I trip to the Nursery for a flat of Sweet William.  
I'm picking a yellow buttercup.  
I'm hanging the tired old hammock up.  
IT'S APRIL & everything's sparkling new.  
Including the forms for Int. Revenue.  
I want to buy bonnets, white Easter frocks.  
I long to plant poppies, petunias & phlox.  
SO I scatter my seedlings while I may...  
Tomorrow may be a showery day.  
BLOOM FRAGRANT, sweet lilac & hollyhocks.  
It's Daylight Saving. Advance the clocks!  
It's Lent & time for cheese souffles...  
Forty nights & forty days.  
(I'm rather fond of crab. Are you?  
Especially in a fine fondue!)

IT'S spikes of asparagus every night.  
ROSY rhubarb. Tart delight!  
SING a song of Hot Cross Buns.  
A game of Hopscotch, anyone?  
I'M tinting eggs for scrambled tots—  
To hunt in gardens, parks & lots.  
I'd like to visit the Easter Bunny, but  
I'm afraid he'd think that was rather funny.  
I want a spin on my young son's bike.  
RIDE on the Merry-Go-Round. Take a hike!  
I'd like to borrow the butterfly net—  
Just to see how many I can get!  
OH, WHAT FOOLS these Mortals be when  
APRIL makes a Fool of me!

**BIGGER BIGOTS**  
Dear Editor:

The 1961 charge of 'bigotism' keeps bobbing up like a bad egg.

Why all this to-do over the fact that so-called bigots wouldn't vote for a presidential candidate who belongs to a church which is reputedly up to its neck in politics?

This kind of "bigotry" is by no means limited to die-hard Protestants. People of all creeds hate the idea of clerics meddling in state affairs.

The Catholics of Colombia and Mexico have set their government free from church control with fierce destructive fighting. They even destroyed their own churches in the rioting.

Those of Puerto Rico refused to let prelates tell them how to vote. And in Spain, anti-clericalism is smoldering dangerously beneath the surface.

Are the people of Spain, Mexico, Colombia and Puerto Rico bigots because they try to keep the church and state separate?

Are the alert citizens who have put up a continual fight to keep America free from ecclesiastical meddling bigots?

**THANK YOU**  
DEAR EDITOR:  
On behalf of the many volunteers who have been working in the John Muir Memorial Hospital campaign, I want to thank you, your staff, and your publisher for news and editorial support during the long drive.

The success of many a community endeavor is directly related to its support by the press, and the countless permanent benefits of this new non-profit hospital will be a tribute to such help.

John Muir Memorial Hospital will continue to need your friendship.

**KNOX**  
DEAR EDITOR:  
I am very pleased that The Sun has once again won top awards in the newspaper industry.

That the awards are merited must be obvious to anyone reading the newspapers.

My heartfelt congratulations go to you, along with my best wishes for continued success.

**CRUSADE MATURES**  
DEAR EDITOR:

Your Contra Costa County United Crusade has concluded five years of growing pains and is now ready to come of age.

In order for us to move forward, certain reorganization is required within the county which I would like to discuss with you and get your support.

It is essential that we do this to get our campaign off dead center and moving forward again. You are, I am sure, aware that Contra Costa did not reach goal last year even though UBAC did.

I would consider it a personal favor if you would set aside time for our annual meeting to learn of our planning and cooperate in getting this year's Crusade activities off to a good start. I am hoping for a 100 per cent turnout of our board and participating agencies.

## Under The Sun Parents vs. Children? Who Runs the Family?

By HERMAN SILVERMAN

"Hey, dad, why can't I go? Johnny's folks are letting him!"

Speaking is a member of the Young People's Union of America—a conspiracy against us dads and moms. If you have children, I'm certain this is an old story—or will be, if your youngsters are very young.

Yesterday Dr. Spock called and asked what I would recommend.

I said I wasn't certain, but that you and I would kick it around in today's seminar on "Child Behavior."

A safari to San Jose?

A few days ago our 14-year-old Dan aksed if he could join some of his friends in an overnight bike hike to San Jose!

Eleanor and I listened, trying to hold back the "no" until he finished. We explained that a hike up Mt. Diablo or into Tilden Park would be feasible, but not a death-defying ride to San Jose.

Dan doesn't give up easily. "But Johnny's folks are letting him go."

Answer: "Dan, what Johnny's folks decide is strictly their business. They will rear Johnny in the way they see fit. But you are our responsibility and we say no, for various reasons discussed."

The truth of the matter is that Johnny is probably saying the same thing to his folks. That Tom's parents okayed the deal.

## Tackle vs. touch?

On a very few occasions in the past I have asked neighboring parents about a certain problem. I remember when all the kids demanded to play tackle football in the yard. When I asked the other dads, they too indicated they were opposed but had pressure put on them. Each had been told the other had okayed it.

This ended tackle football for a long while.

Of course, we parents are guilty of using this technique. How often have we said (or at least, thought): "Carl across the street is advancing in scouts—why not you, son?" Or "Why is Suzie getting straight A in school and not you?"

Since this writer is an expert on Family Relations and Child Behavior, I will plead "not guilty" on this count—at least most of the time.

We don't want our kids pressuring us by using other families as an example. Thus our kids should not be pressured by our using other children as examples.

## Viva la difference

Further, we believe children are different; families are different; situations are different. We do what we think we should do; not what others do or don't do. (Of course, there are certain areas where conformity is necessary and desirable. You can't send your little girl to school wearing a grass skirt.)

Today's discourse may sound like this writer thinks he knows what he is writing about. It's only a theory, a guess, search for an answer. What do you do with this problem? I'd certainly like to know.

In other words, what do you think?

**THE BILL**  
DEAR EDITOR:  
I see that the state senate is again trying to have the taxpayer foot the bill for the printing of the minutes of a private organization.

Senate Resolution CSR 14 directs publishing at state expense of 500 copies of the annual convention of the Disabled American Veterans during 1962-1963, introduced by Senator Dolwig, San Mateo.

I strongly feel that the state has no right to make the taxpayer pay for this.

WALTER PARSONS

**ROTARY**  
DEAR EDITOR:  
Thank you! We of the Rotary Club of Walnut Creek are very appreciative of the fine coverage you gave us in the Walnut Creek Sun on our 25th anniversary.

Thank you also, for the prints and extra copies of the paper. All of the past presidents have received a copy and they were delighted.

The cooperation that you gave us will be remembered by all of us—the latch string is out.

Our thanks to you and of course to Herman for his cooperation also.

Admission is free. A demonstration of packing belongings and a showing of jet-age fashions will be given by a representative of the United Air Lines.

Free movies of places to be visited by participants in The Sun Jubilee Tour of Europe beginning June 14 will be shown after the demonstrations.

The movies are being shown again as a result of popular demand by spectators who said they are the best travel films yet shown.

Signups will be taken that night for the 28-day tour of Europe.

"There is always plenty of excitement and hundreds of people attend just for the pleasure of it," said Sun Publisher Herman Silverman.

Travel Nite in the past has drawn nearly 400 persons to a single session, and the praises have always been enthusiastic from both Jubilee prospective travelers and others who just came to see the show, Silverman said.

# The Sun's Travel Nite Coming Wednesday

## Sun Jubilee Tour Has 36 Persons Signed Up

You must hurry in order to take advantage of The Sun's Jubilee Holiday Trip to Europe, as 36 reservations have been made, and there will be room for just 45 persons.

The Unitour trip to Europe will run for 28 days, starting June 14, with transportation provided by KLM Royal Dutch Airlines and United Airlines.

Persons signing up now can avoid disappointment of missing the finest travel bargain being offered this year.

In addition to the 28-day trip, vacationers can also sign up for a 10-day optional extension, for visits to Spain and Portugal, it was announced.

The 28 days will include visits to Holland, Germany, Switzerland, Liechtenstein, Austria, Italy, Monaco, France and England.

The Spain-Portugal extension will include visits to Madrid, Seville, Cordoba, Granada and Lisbon. The additional cost is only \$195 per person, including air fares.

Another bonus is the announcement that Sun Unitour

travelers may linger on the foreign shores for a full year without any increase in the fare cost.

The return time may be extended to within a full year, by arrangement with the airlines.

Whatever the choice, the Sun trip to Europe should be one of the great experiences of a lifetime," said Herman Silverman, Sun publisher.

The bargain prices offered for the trip are possible due to the arrangement of a number of trips in one package, he added. The Sun offers the Jubilee Holiday as a service to its readers and area residents.

## New Service to Samoa

South Pacific Air Lines has begun regularly scheduled service to Samoa, announced J. H. Dollar, Jr., president of the company.

The flight will be an extension of SPAL's regular Tahiti service, which SPAL pioneered as the first scheduled U.S. airline

into French Polynesia, in April of 1960.

The flight will operate every other week from Tahiti to Samoa and on to Honolulu. SPAL's Honolulu-Tahiti service will continue on its regular weekly basis.

## Teen-Agers' Tours Now Are Solution

The problem of what to do with those restless teen-agers again will be plaguing parents this summer.

Tours devoted exclusively to teen-agers are originating all over the country in answer to the mounting demand for travel among the younger set.

The demand is reflected in the nine per cent increase in the number of passports issued last year to persons under 20.

How to pick a tour? Look for the tour with a balanced itinerary that provides for a variety of recreational areas and cultural centers.

Avoid the tour that includes days of leisure without specifically stating what sort of leisure has been planned.

## Four Aquabears Win Individual Swim Honors

Aquabears, local AAU swim team, placed second in total team points, competing against 33 other teams at the second annual Fremont Hills swim meet, held last weekend.

The meet was sanctioned by the Pacific Association of the AAU and was held at the Fre- mont Hills Country Club 50- meter outdoor pool in Los Altos. The Aquabears piled up 297 points finishing second to the host team, Fremont Hills.

This meet is one of the few in the West held in a regulation- size official Olympic distance pool.

**OUTSTANDING** performers for the Aquabears, all of whom won individual point trophies, were:

peter Schnugg, swimming in the 10 and under boys group, and Susie Barkley, competing in the 15- to 17-year-old girls group, both of whom are from Orinda; Chris Umphred, 14-year-old Wal- nut Creek swimmer, and Charles Schillinsky, 16-year-old Berkeley youngster won the same honors.

Other gold medal winners were Mary Jacoby, 14, who won the 100-meter freestyle in the time of 1:7.2, and Sandy York, 12, of Orinda who won the 100-meter butterfly in the time of 1:24.1.

The trophy winners, as a group, picked up six gold medals.

Other local youngsters who earned silver medals by taking second places were Melissa Mat- tingly, 12, of Danville who placed in both the freestyle and backstroke; Mark Spitz, 12, of Walnut Creek in the 100-meter freestyle; Marilee Rocca, 14, of Lafayette in the 100-meter back- stroke, and Barbie York, 8, of Orinda in the 50-meter butterfly, and Bob Moore, 16, of Orinda in the 100-meter butterfly.

Two outstanding relay races were won by the Aquabears.

A NEW Pacific Association AAU record was set by the girl's 13-14 200-meter freestyle relay team. The team, composed of Mary Jacoby, Marilee Rocca, Chris Umphred and Pat Schw- ert, swam the event in 2:05.3.

The other outstanding race was the 200-meter freestyle re- lay race for girls eight years old and under.

In this event four Orinda youngsters, Barbie York, Kathi Patching, Ann and Nancy Schnugg, swam like future Olympians, and won the event by a wide margin, in the time of 2:52.1.

**Betsy Moore Tops Hayward Swim Meet**

Betsy Moore of Orinda, swim- ming for the Berkeley Y Swim Team, won top honors in the eight and under division at the Hayward Novice Swim Meet last weekend.

Miss Moore won first place medals in the freestyle, back- stroke, breaststroke and the in- dividual medley events.

Marylee Eldred, also of Orin- da, won first place in the 9-10 freestyle and individual medley events. She took a second in the backstroke as well.

## Piedmont Favored Again In San Ramon Relays

San Ramon Valley High School will host its third annual San Ramon Relays tomorrow on the Danville school track.

Field events begin at noon while the first track event gets under way at 1 p.m.

A field of 400 athletes will represent seven schools which make up the Foothill Athletic League.

The list is headed by Pied- mont, defending varsity titlist, and San Ramon, 1961 "B" divi- sion champions. Completing the field is Acalanes, Alhambra Del Valle, Las Lomas and Mira- monte high schools.

**ALL EVENTS** in both varsity and B divisions are four-man relays, including the field events. This has a dual purpose, first, to give a larger number of boys an opportunity to compete; and second, to emphasize team work rather than individual competition.

Six trophies will be awarded for first, second and third place teams in the A and B divisions. Ribbons will be presented to all four members of all relay teams placing first, second, third and fourth. Trophies are being donated by local businessmen.

As for favorites in the 1962 event, Piedmont is a good bet to again reign in the A division with Acalanes and Las Lomas outside favorites to upset the Highlanders.

In the B division, as in last year's thriller, San Ramon and Piedmont are heavy choices to wind up 1-2. The SR Cubs edged the Piedmont B's, 38-37, in 1961 and this one could be just as close. The Acalanes B's are another strong contender in a strong lightweight field.

**DESPITE** the team emphasis, track fans will be treated to the league's top individual perform- ers. Larry Gabie of Las Lomas and Bill O'Toole, Del Valle, both with 10.3 clockings in the 100-yard dash, head a strong sprint field. Dick McCoy, Las Lomas, and Steve Hogan, Pied- mont, are other top speedsters. Hogan, along with Jim Rinne, Acalanes, are strong 440 and 880 men. Two standouts loom in Dave Dunning, Miramonte, and Bill Klippert, Piedmont, who have 4:30 marks in the mile. Del Valle's Max Christensen and Acalanes' Paul Hein are the class of the hurdlers.

In the field events Bill Wil- lamson, Acalanes strong boy, has been consistently over 50 feet this year in the shot put, while Bob Holtwick, Piermont, and Chris Reed of the host Wolves, have hurled the discus beyond the 149-foot figure.

Bob Vincent is meet director and Cal Gower, assistant direc- tor of this third annual relays. Both are San Ramon High track coaches.

## Patten Tourney Won by Mmes. Kusserow, Wolf

Mrs. Henry Kusserow of Wal- nut Creek and Mrs. Robert Wolf of Lafayette combined to win the Ron Patten Trophy Tournament at Diablo Country Club last week.

Finishing second in the 36- hole tourney were Mrs. Philip Kane, Walnut Creek, and Mrs. Howard Crandall, Orinda.

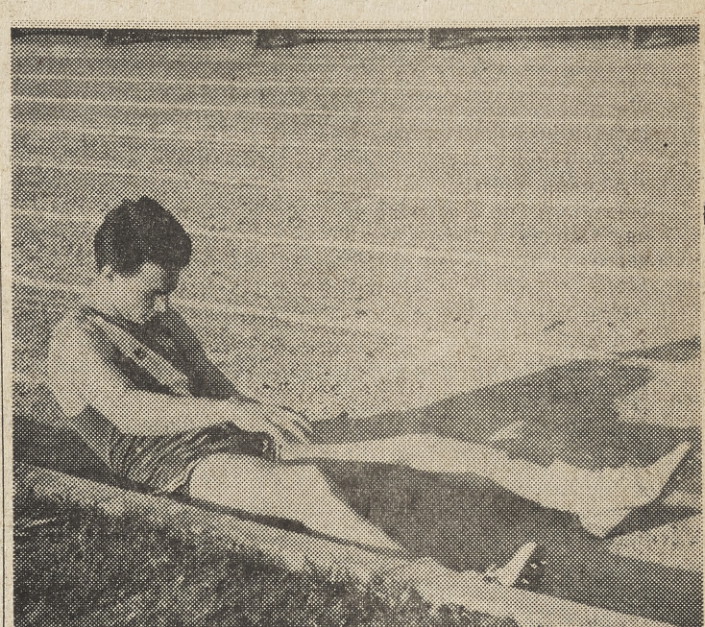

Tied for third place were Mes- dames Frazier Howard-Reginald Bowman and Mesdames Mark Hull-Ron Patten.

Mrs. William Houston and In fifth place were Mrs. J. H. Carter and Mrs. Wallace Larson.

Finishing in a deadlock for sixth place were Mesdames Frank Ivaldi-Henry Steinbeck and Mesdames William Helfrich

'Wait Til Next Year'-- Skiing Will Be the Most

By HEC HANCOCK

The cry, "wait until next year," has become a familiar, melancholy chant of the citizenry that follow the fortunes of the 49ers and Giants. It can be heard each year as the season draws to a close and the local heroes sag down to the role of also ran.

Such, however, is not the case with skiing. Actually, the words, "wait until next year" becomes the magical genie-producing phrase that make the skiers every wish become a reality.

Consider the additions to the local ski scene that have come to pass in recent years.

Squaw Valley and the olympics got off the drawing board and became a glittering fact.

Alpine Meadows, in less than six months after the start of construction opened up some of the finest skiing in California.

Heavenly Valley sponsored one of the finest competitions of ski professionals ever conducted. Two years ago the idea of a professional race, to say nothing of a successful professional ski race, would have been too far out to be considered seriously.

The long-desired freeway over the Sierra is rapidly being completed. Only a relatively short distance remains to be forged into the final link.

Such long-cherished dreams as the chair lift up Mt. Lincoln, the Magic Carpet that whisks skiers over the tree tops into the Sugar Bowl, the development of Mt. Shasta, have all become accepted facts within the past few years.

Thus when one thinks of next year insofar as the ski world is concerned, it's with the same anticipation that a youngster thinks of Christmas and all the goodies that await.

Already things are beginning to shape up for next season.

Tim Sullivan, general manager of the newly acclaimed Alpine Meadows, promises us another lift. Parking facilities will be greatly expanded so as to adequately handle the weekend hordes that populate the area.

The access road that was feared by some initially would create a problem, will be improved and surfaced.

Across the hill, Little Papoose reports that they have added a snow-making machine. It has been successfully tested, and should be able to open up skiing in the area by late November at the latest.

Dodge Ridge will install two additional Poma Lifts to keep abreast of the ever pressing demands on the area. As with most slopes, further manuevering of existing runs will continue.

The ski shows that are conducted by the industry for next year will take place in May. Before this season has been respectfully been laid to rest, the ski dealers will be making the decisions that will go far in determining what you will be wearing and skiing upon next season.

One advance word is that stretchies, that wonderful addition to skiing, will be available in bright tweeds next year. Not the baggy salt and pepper tweeds of so-called casual country living, but tweeds combining the brightest hues of the spectrum.

Thus as one successful season begins to draw to a close, plans for bigger and better things are being made.

Meanwhile back at the Sierra, all areas report spring conditions on snow packs ranging upwards of 100 inches. Take plenty of wax, dark glasses and use the tanning lotion liberally.

By the time you read this, (assuming you have gotten this far) I'll be donning my wild blue yonder suit to contribute my services to Uncle. However, before you panic and start selling your bonds, let me assure you it is just for a two-week tour.

For the next two weeks I'll be on a tour of duty at the Air Force Academy at Colorado Springs. Sometime known as the Mountain Palace, the academy is situated nearby to some excellent skiing.

Thus Ski Line will net emanate from the Rockies and I will endeavor to bring you up to date on conditions in that area.

Untouchables First In PH Cage

With Lou and Jess Barbers defeated Curtain Shop (2-4), 68-55.

THE UNTOUCHABLES led all the way against Danville Cement, but had to hold off a late rally for the win. The winners led, 33-27, at the half. L. C. Joyner paced the Untouchables with 19 points.

Ron Thom had 18 points for the losers. Harry Reagan had 14 for the winners while Jim Maggart had a like number for Danville.

Steve Lamphere's 25 points paced Co-op to the win over the Dons. He had help from Bob Cary, who finished with 18. Gary Sheehan and Bill Albert each had 16 for the Dons.

FOOTBALL STAR—Larry Gabie is no slouch as a trackman either. Here he heads for a third-place finish in the broad jump against Acalanes last Friday. He also won the 100-yard dash and finished second in the 220.

Falcons Rout PH In Gymnastics

College Park gymnasts completely dominated the action in Friday's meet with Pleasant Hill, as the Falcons bounced, climbed, swung and rolled their way to a 80½-47 victory.

It was overall power that spelled the victory.

Pleasant Hill's "all around man" Dennis Hansen contributed 20 points in a losing effort, but Ken Poff, Scott Gardiner, Don Torrence and Mike Bish of the Falcons performed brilliantly in their specialties and provided the necessary point edge.

Hansen placed in his last team meet of the season, as he was placed on the scholastic ineligibility list for the next 4½ weeks.

Horizontal bar—Don Torrence, CP, (first); Mike Bish, CP, (second); Dennis Hansen, PH, (third).

Free exercise—Ken Poff, CP, (first); Dennis Hansen, PH, (second); Tom Chapman, CP, (third).

Viking '9' Wins Twice

Diablo Valley College defeated the Hartnell Panthers twice last Saturday on the Vikings' home diamond, 5-3 and 9-1.

The wins evened DVC's Coast Conference record at 2-2.

In the first game the Vikings scored the runs in bundles, getting two in the first on Al Lakeman's two-run home run and three runs in the fifth aided by Lakeman's triple.

Dennis Carter of Walnut Creek was the winning pitcher going eight and a third innings. He needed help in the ninth when Hartnell scored twice and had a man on first. Wade Hanson, also of Walnut Creek, came in and put the side out on a strike out and a bouncer back to the pitcher's mound.

The second game was all Diablo Valley as they scored at least one run in every inning. Dave Shepherd, Pleasant Hill, and Lakeman both drove in three runs.

Ron Beardslee went the distance, allowing Hartnell just four hits. He held them hitless over the last three innings. This was Beardslee's first victory of the season and Diablo Valley's third in a row.

Don Beardslee went the distance, allowing Hartnell just four hits. He held them hitless over the last three innings. This was Beardslee's first victory of the season and Diablo Valley's third in a row.

Dons Bow to Las Lomas; Clan Is First in Track

Las Lomas had the pleasure of knocking arch-rival Acalanes out of the top spot in Foothill League track last Friday afternoon with a hard-fought 61½-51½, triumph.

Piedmont routed Miramonte, 90½-22½, to move into sole possession of first place. It was the Clan's third straight dual meet win. The Dons are now 2-1. With their win, the Knights moved into second place with a 3-1 mark.

The dual track win over Acalanes was the first for Las Lomas in 11 years.

IN THE OTHER FAL meet, San Ramon handed Alhambra its fourth straight loss in a three-way meet with Salesian High of Richmond. Salesian, a new Catholic school with no senior class, scored only six points.

San Ramon outpointed the Bulldogs, 76-54. It was the second win in three tries for the Wolves.

Dick McCoy of Las Lomas won the 100 and 220 dashes while Paul Hein of Acalanes was winning both the high and low hurdles.

Lincoln Arthur of San Ramon was another double winner. He captured the two sprints in 10.6 and 23.7.

Dunkers, Mavs Win in PH-B Cage League

In two games played in the Pleasant Hill Adult Basketball B League last week, Dunkers defeated Shell, 66-43, and Mavericks dumped Grayson, 59-48.

Don Hooviven paced the Dunkers win with 19 points. He had help from Mel Eschen, who scored 13 and Paul Goodrich, who added 10 more.

Al Tourville of Shell was the game's top scorer with 20 points. The Dunkers jumped to a 21-11 first quarter lead and were never threatened.

Al Georgetti's 21 points paced the Mavericks win. Norm Ponti added 15 more for the winners. Ted Odmarr and Kevin Merrick each 12 for the losers.

Graysons led, 27-21, at the half, but the Mavericks outscored their opponents, 20-7, in the final quarter to gain the triumph.

Mrs. Erickson hears the details of aqueduct construction from East Bay Water Inspector Nelson Dampf at Bixler work site.

Orinda Housewife Edith Erickson asks: "Will we ever need all that water?"

A housewife's reaction to our 93-mile "Giant M" aqueduct was amazement: Could the East Bay possibly ever need twice the water it now uses?

Answer: Yes. We expect the East Bay's population to double by the year 2000. Long before that, however, we'll need a portion of the new aqueduct's 181-million-gallons-a-day. That's why it's an essential part of your \$283-million Water Development Program.

# Miramonte, Acalanes, Las Lomas Top FAL Baseball

## Undefeated Mats Post Second Triumph in FAL

By JOE MCCARTHY

Miramonte bounded to the top of the Foothill League with an 8-3 win over Piedmont Tuesday afternoon.

Acalanes, winner of its only league contest, had a bye and remains in a virtual tie for first place.

Las Lomas won its first FAL game, handing Del Valle its second straight shutout in the FAL, 15-0.

San Ramon won its opening FAL game and recorded its first baseball victory of the 1962 season, defeating Alhambra, defeating FAL champion, 10-5.

KEN SCHILLER tripled, Colar took first after being hit with a pitch, and then Don Nelson slammed a home run.

Nelson was the games individual hitting star, accounting for three of his teams nine hits. He had a single and a double besides the home run to knock in six runs.

The win gives the Wolves a one and three record on the season.

Las Lomas 15, Del Valle 0  
Las Lomas crushed Del Valle in Tuesday Foothill league baseball, 15-0.

Knight pitchers Bill Brown, Bob Krieder and Don Cotlow gave up five scattered hits as Las Lomas evened its league record at 1-1.

The Knights scored four in the first, one in the second, eight in the third and two in the sixth as they amassed 14 hits.

In the big third inning, Jim Body singled, Rick Laven doubled, Gordy Rakow singled, Larry Reardon tripled, Bill Brown singled and Greg Betagunli singled to account for four runs.

A walk, a sacrifice, two errors and Laven's second double of the inning brought home four more runs.

REARDON WAS the games hitting star, picking up three hits and five RBIs. Laven had two doubles for three RBIs. Steve Huft was the losing pitcher. The loss was the second straight shutout in league play for Del Valle.

## Dons-Knights In FAL Swim Crucial Today

Probably the most important swim meet of the season for Las Lomas and Acalanes will take place today as the two teams square off in the Acalanes pool at 3:30 p.m.

Miramonte, favored to end the Knights' six-year reign as Foothill League champs, has a bye today. The winner of today's meet will rate as the only team with a chance to upset the Mats in the short, four-meet FAL swim schedule.

The Knights and Dons are rated even coming into today's encounter. Acalanes has won three of four non-league dual meets to date. The Knights are 2-3. Las Lomas also won the FAL relay.

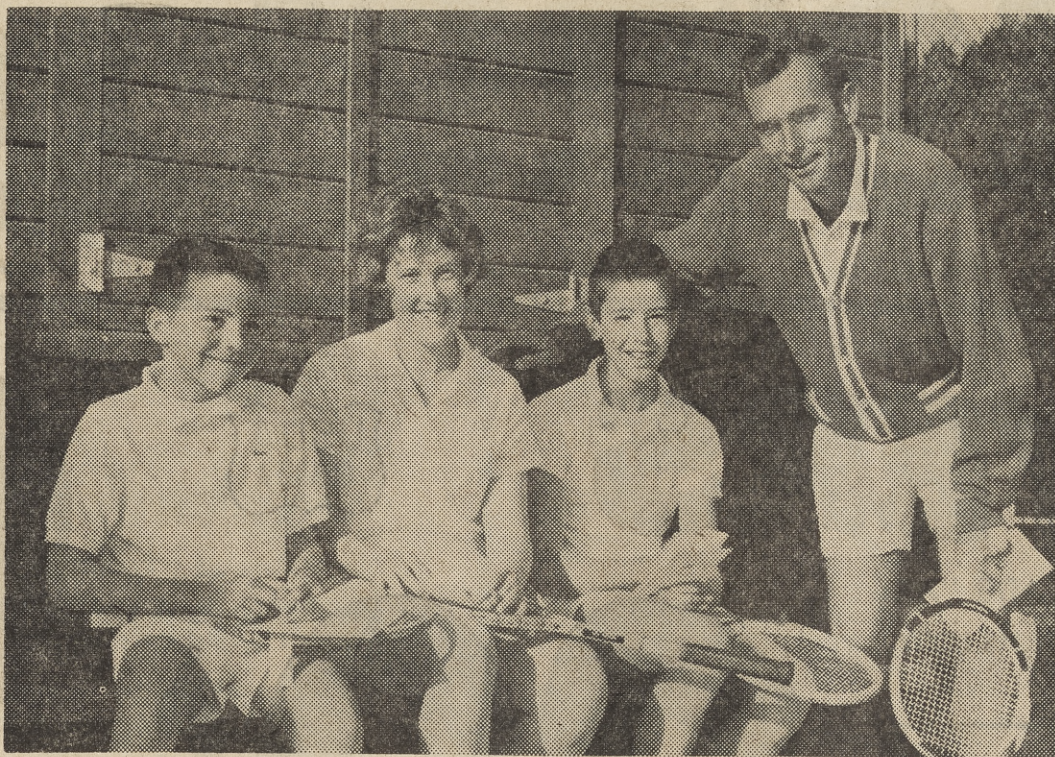

Observers close to the scene feel the two relay races will decide the winner of the crucial meet.

Bob Strand of Las Lomas is expected to win both the 100-yard freestyle and 200-yard individual medley. He has not lost this year in these two events.

Other probable winners will be Don Smith of Las Lomas in the 100-yard backstroke and Tom MacPherson of Acalanes in the 100-yard breaststroke.

FRIDAY, APRIL 6, 1962

"WE'LL BE READY," say these three youngsters to Kevin Merrick, tennis pro at Orinda Country Club. Merrick is chairman of the Orinda Junior Tennis Tournament, to be held at the club and neighboring courts April 14-18. Craig Rieser (left to right), Diane Murray and Charles Woodward are putting their names on the dotted lines to beat today's 6 p.m. deadline for entering the tourney. Sun-photo by Bob Yost.

## Tennis Entry Deadline Extended for Tourney

Although entries for the Fifth Annual Orinda Junior Tennis Tournament officially close today, in response to numerous requests from various parts of Northern California, late entries will be accepted until 6 p.m. Tuesday. Kevin Merrick, tournament chairman for the event sponsored by the Orinda Country Club, announced today.

The draw will be made Tuesday night by a committee including Merrick and Tournament Advisor Norman Brooks of San Francisco, U.S.L.T.A. representative.

More than 400 junior players including top nationally and state ranked youngsters already have entered the maximum of two events each in the five-day competition to be held April 14-18 at Orinda and surrounding courts.

Seventeen defending champions of the Fourth Annual Orinda Tournament will be competing in the singles and doubles matches which are divided into four classes for both boys and girls, plus a special class for younger players.

Among outstanding tournament players registered are Orinda's Gary Rose, Reed Witt of Larkspur and Jan Kucera of San Francisco in the boys' 18 years and under class, and Andria Miller of San Carlos, Janice Crooy of San Francisco and Jean Danilovich of Jackson, in the same class for girls.

Nationally-ranked boys' 15 and under players who will be appearing next week-end are Jeff Brown, Sacramento, and Dean Perner, Stockton, while Rosemary Casals, San Francisco, will play in the girls' 15 class.

Diablo Valley College golfers topped their Coast Conference records to 3-2 with an 11-4 win over Foothill College Monday afternoon at Contra Costa Country Club.

The Vikings are 10-4 overall. DVC meets Stanford Frosh at Palo Alto today before returning to Coast Conference play against Cabrillo Monday at Santa Cruz. Tuesday the Vikings take on Cal's Frosh at the Orinda Country Club.

Bill Cusack of Foothill was the medalist in Monday's match with a 74, but won just two points. DVC's Steve Lamphere, the Vikings' number one man, fired a 75 and managed to salvage one point.

Dennis Gault of DVC also had a 75 and won his three points.

Conrad Is Winner At Fremont Meet

Gary Conrad of Lafayette won a first place medal in the 50-meter butterfly for 9-10 boys at the Fremont Hills Swim Meet last weekend.

He also took a third place in the 50-meter breaststroke.

## PH Swim Coach Protests Loss To Mt. Diablo

Pleasant Hill swimmers dropped a close meet to Mt. Diablo last Friday, 49-45, but in the mind-and in the words of Ram coach Lee Allerdice his squad did not lose.

"We were defeated by other forces than Mt. Diablo swimmers," were the words he used as he stood firm on the formal protest that he has filed.

Allerdice's protest is grounded on numerous infractions of the NCAA rules on judging, and upon unethical and irresponsible methods and actions of Mt. Diablo officials.

Allerdice feels that his swimmers swam the best meet of their season and regards the unfortunate outcome as not a true reflection of his team's performance.

Pleasant Hill winners were:

400-yard freestyle—Pete Hall (first), Mike Silvey (third).  
200-yard freestyle—Paul Murphy (first), Mike Silvey (third).  
100-yard freestyle—Paul Murphy (first).  
50-yard freestyle—Robert Fabian, Glen Graham (tied for first).  
100-yard butterfly—Ron Quick (second).  
100-yard breast stroke—Bob Kent (first), Jim Woodhead (third).  
100-yard back stroke—Bob Thode (third).  
Individual medley relay—Pete Hall (second).  
Diving—Larry McKay (third).

## Dons Edge Mats To Take FAL Lead in Golf

In Foothill League golf, San Ramon blanked Del Valle, 6-0; Acalanes defeated Miramonte, 5 1/2-3 1/2, at Orinda, and Las Lomas was blasted by Piedmont at Chabot, 6 1/2-2 1/2. All matches were Monday.

The young Del Valle team, consisting of junior, John De Lavega, and five freshmen was shutout in their third straight meet.

Mike McNevin, Art Shierry and John Mount were point winners for Acalanes and the Dons also picked up 2 1/2 points in the bestball event. Miramonte is defending FAL champion.

Greg Jones and Greg Mertens were the only full point winners for Las Lomas in its battle at Chabot. Ted Roessler and Jones gained a split in the best ball to account for the other half point.

Roessler was medalist for the Knights with a one-over-par 37 but lost his point to a 36 by his opponent.

The loss gives Las Lomas a 1-2 league record. Del Valle is now 0-3. Acalanes has a 3-0 record. Miramonte is 2-1. San Ramon has a 2-1 record.

## Alhambra Probably Won't Repeat as FAL Champion

Acalanes, Miramonte and Las Lomas look like they have the inside track in the Foothill League baseball race after the first week of play.

Miramonte, undefeated in five games this year, leads the league with a 2-0 record.

However, both wins were recorded over teams not expected to go anywhere (Piedmont and Del Valle).

The Mats are in for a minor test against San Ramon at Danville Tuesday afternoon.

The Wolves routed defending champion Alhambra Tuesday after losing three straight outside the league.

The San Ramon win was convincing enough to count Alhambra as an "also ran" in this year's baseball race. Graduations have hurt the Bulldogs badly.

ACALANES, also undefeated in and outside the league, will face Piedmont Tuesday in Lafayette, then will battle San Ramon Thursday.

The Dons will be favored to win both and stay right at the top of the heap.

Las Lomas, a 3-2 loser to the Dons in its first FAL game, will face Alhambra in Martinez Thursday.

The Knights murdered Del Valle, 15-0, Tuesday. The league-leading Mats were able to dispose of the Trojans by only a 3-0 score.

## College Park, Rams Are Losers in CCD Baseball

Clayton Valley moved into a tie for first place in the Contra Costa Division with idle Mt. Diablo by routing College Park, 10-0, Tuesday. The Eagles and Devils have 2-0 records. The two teams deadlocked for the baseball crown last year.

It was the second straight loss for the Falcons who are now 1-2. Clayton Valley won its first CCD game in similar style, drubbing Pleasant Hill by the same score, 10-0.

IN OTHER CCD games Tuesday, Pleasant Hill bowed to Pacifica, 3-0, and Pittsburg thumped Antioch, 8-2.

Wixter, held the Falcons to only three hits.

AL OXLEY worked on the mound for the Rams against Pacifica and allowed only one hit, but a pair of walks and some timely errors provided the winning runs for Pacifica.

Pleasant Hill managed just two hits off two Pacifica pitchers.

It was the first win of the season for the Spartans who moved into a four-way deadlock for fourth place in the CCD.

College Park, Pleasant Hill and Antioch also have 1-2 records.

## Seaborg Hosts President in Secret Talks

Former local resident Glenn Seaborg, chairman of the Atomic Energy Commission, met with President Kennedy and American's top nuclear scientists at the UC radiation laboratory last Friday. The nature of the 45-minute conference was not revealed. White House officials in the President's party were not invited. Press secretary Pierre Salinger said the nature of their discussions was classified. He pointed out that the object of the President's visit was to get a briefing of the work of the scientists and to express support of their work. Seaborg was appointed to the AEC post last year. He now re-

sides in Washington, D.C. Prior to his appointment, Seaborg lived in Lafayette.

The United States census of 1870 included, for the first time, a survey of forest resources.

# Scouts Strut Stuff

Merit badges and monthly themes of all kinds will be demonstrated by thousands of Cub Scouts, Boy Scouts, and Explorers of Mt. Diablo Council's eight districts, tomorrow, as simultaneous Scout-O-Rama Expositions open their doors at 2 p.m., for continuous showing until 8:30 that evening.

Mothers are busy making costumes for such varying themes as early Spanish missions and futuristic space-men. Scouts are practicing and putting the finishing touches on their merit barge demonstrations, which cover a hundred different subjects from "art" to "zoology," with lots of "hiking," "camping," and "citizenship" in between.

IN MOST of the shows there are scheduled arena or stage presentations, in addition to the hundreds of booth exhibits and demonstrations.

A highlight of each show will be "Pine Wood Derbies," where miniature racing cars, carved out of a block of pine wood by Cub Scouts and their dads, are pitted against each other on an inclined plane track.

## DVC Quintet

The student delegates representing the college's Viking Council are: Dick Compton, student body president, Oakland; Sally Hunter, social activities commissioner, Pleasant Hill; Lynn Freels, inter-club council president, Walnut Creek; Bob Osborne, vice president, Concord, and Lynn Terwilliger, finance, Antioch.

The state meeting will be divided into five workshops including a president workshop, which is concerned with administrative problems; a current problems workshop; cultural center workshop; an intramural and recreation workshop, and a financial workshop.

**ST. HARY'S COLLEGE, Moraga;** San Ramon High School, Danville; Diablo Valley College Gym, Pleasant Hill; and the Contra Costa County Fair Grounds, Antioch, are the locations.

Tickets may be purchased from Cub Scouts, Boy Scouts and Explorers. One ticket may be used at any, or all, of the shows, according to Judge Norman Gregg, activities committee chairman. Children under 12 and Scouters in uniform are admitted free.

# Voters Have 6 Days to Register

## Deadline April 12; County Lists Registrars of Area

With the deadline of April 12 for registration of voters for the June 5 primary election rapidly approaching, County Clerk Walter T. Paasch has released a list of over 530 deputy registrars located throughout Contra Costa County.

Registration figures for the county in January list 181,842 eligible voters. Since 202,184 were registered for the general election in 1960 it would indicate that at least 20,000 residents must re-register between now and the April 12 deadline.

RESIDENCE requirements are one year in the state, 90 days in the county and 54 days in the precinct by election day. Anyone moving to a new precinct within the county since his last registration must also re-register.

Persons failing to vote at the 1960 general election were canceled and must complete a new affidavit of registration unless they returned a reinstatement request card.

Where the post office has changed a mailing address, upon notification by the voter, the county clerk will correct the mailing address without the necessity of a new registration.

REGISTRATION as a voter can be accomplished in the county clerk's office in Martinez or Richmond, Paasch points out, with most city clerks and most fire stations as well as homes and offices as listed.

Serving the area are:

# Stay All Day at Broadway Saturday

## You Are Invited to Broadway Fashion Show

An invitation to attend the "Broadway Fashion Show," a feature Saturday of Broadway Shopping Center's "A Day at the Fair," has been extended by Mrs. June Gilmarten of Joseph Magnins, fashion show coordinator.

There will be 60 lovely models provided by the Mt. Diablo Therapy Center auxiliary organizations, and their apparel will be varied and of the latest styles, said Mrs. Gilmarten.

Spectators can sit in the sidewalk cafes and watch the show in front of the Lucky Store. Donations to the Therapy Center program will be \$1, and refreshments will be provided to those donating. The show may also be watched without charge.

Two free trips to the Seattle World's Fair will be awarded. The fashion show will be televised.

## Teens Love Leather In New Spring Footwear

Teens nimbly "follow the leader" this spring as new leather footwear fashions sweep high school and college campuses, leaving tennis shoes and sneakers behind in the gym lockers.

There's an exciting, wide selection of new silhouettes in loafers and booties whose high vamp and long ties resemble bowling shoes, reports Shoe Fashion Service of Leather Industries of America.

Supple smooth leathers, shaggy brushed leathers and gleaming colored patents set new shoe fashions.

**THE TWO-HUE** shoe is one of the most popular "shoe looks"—especially new in moccasins with contrasting inserts, tricky tongue detailing.

Patents in gleaming black, shimmering green, radiant red brighten the moccasin line-up.

Colorwise, teens have the widest shoe color range in years—including two wonderful new neutrals: mocha mist—lighter than cafe creme color, and white jade—soft white leather with a hint of green.

## D. Doyle, Named Park Chairman

Donald D. Doyle of Walnut Creek, insurance broker and Bay Area civic leader, has been named central Contra Costa area chairman of the Citizens Committee of 500 for Parks, announced retired County Administrator Desmond M. Teeter of El Cerrito, general chairman of the citizens group.

Doyle will serve along with Richmond Municipal Judge David W. Calfee, representing the western section of the county, and Antioch insurance broker William D. Wharton, of the eastern section.

"We are fortunate that these three men have agreed to serve the committee," Teeter said. "They will be instrumental in carrying information regarding the proposed \$7.5 million dollar county parks bond program to the people."

**PLEASANT Hill** is one of the areas which will profit from the bond issue, if it succeeds. Plans call for a recreation area in the College Park section of the city.

The proposed bond issue seeks to raise five million dollars to acquire nine park sites throughout the county totaling nearly 5,000 acres. The remaining \$2.5 million will be used to develop land and construct initial park facilities.

The proposal will be on the June 5 primary election ballot, and if it is given approval by the voters, development will begin early next year, Teeter said. Some areas could be open to the public by the summer of 1963, he added.

## Community Pool Plan Divides Homeowners

The Hidden Valley Community Swim Club's land use permission is still under advisement by the Contra Costa County Planning Commission.

At an open meeting in Martinez recently two petitions were presented.

The first was presented by Charles Busso and signed by 65 residents of the area who were in favor of the petition.

Raymond Bolton, attorney and resident of the area, then protested the granting of the permit. He filed a petition against it with 32 signatures.

Elliott Hartman, treasurer of the swim club, offered a rebuttal to Bolton's argument. Hartman is listed as the owner in the recording of the request for a land-use permit, as the club was yet unincorporated.

The swim club reported eight on nine regulations. One of them was voluntary reduction of membership from 75 members to 50.

We live in a beautiful area. Don't litterbug. Let's keep our garden clean.

PICTURED is Channel 13's \$200,000 Mobile Studio that will be used in the remote broadcast of their KOVR Girl contest to be held during the Broadway Shopping Center "A Day at the Fair" promotion Saturday. The "studio on wheels" has complete broadcasting facilities, including video-tape machines for on-the-spot recording. The three shows to be video-taped will be the contest, plus the Wonderama Show with Cap'n Delta and a public service show on the Contra Costa area.

The girl with the best television personality will win Channel 13's "KOVR Girl" preliminary event Saturday afternoon, a highlight of Broadway Shopping Center's "A Day at the Fair."

The winner will then compete in the semi-finals to be held in Concord, and the Concord winner will compete in the finals in Sacramento.

## 'Fair' Receipts Will Aid Center

The Mt. Diablo Therapy Center earned more than \$3500 last year from the "Easter in Paris" promotion event, sponsored by the center's auxiliaries and Broadway Shopping Center.

## Married Gals Have a Chance In TV Contest

The finalists chosen in Channel 13's "KO-VR GIRL" contest points up the fact, married women have just as much chance in the contest as single girls.

Mrs. Nona McCall of New-

castle, mother of four children,

was one of the lucky three selected to compete in the grand finals. Rose Marie Dahl of Sacramento and Shirley Atchley of Fair Oaks were the other two winners.

The winner in this contest will win a \$1000 wardrobe, a 13-week contract with Channel 13 for television appearances, appearances on Queen for a Day and Tennessee Ernie Ford Show.

These three girls will compete in the finals against the "best" from the other four area contests—Stockton, Modesto, Marys-

short skirts are a little difficult to manage, but there's one consolation, summer will soon be here and we can stop tugging our skirts down at the knee and start rolling our shorts up toward the hip.

Did you know there is a school right in the heart of Broadway Shopping Center with over 300 students and 21 teachers. There is, they study notes on bars. You too, can join the Sherman-Clay School of Music, whether you'd just like to learn to plink the guitar inoffensively at a backyard barbecue or fill your home with the wondrous music of an electric organ. The classes are small, 6 to 10, mostly adults, day or evening, and proven new methods are used for faster, more enjoyable learning.

They have "introduction to music" sessions, called Funshops, where you learn about the more popular instruments, test your talents and musical experience and chart a course of study tailored to your ends.

Mel Edgar, who is great on the organ himself, likes to brag about his hand-picked staff of expert teachers, which include such fine artists as Ernie Fordor, piano; Joe Payne, reeds; Al Hannen, brass; Jack Ameral, percussion (he's also the school director); Gene Duncan and Chic Gandel, strings, and Al Tarabini, accordion.

Make a call today and see how easy it is to get started on the instrument you've always wanted to play. That's Sherman-Clay at 1266 Broadway Shopping Center, Walnut Creek, or phone YE 5-2244.

At Van Meter's Shoe Repair Shop they are just dying to make your new Easter shoes color-match your new Easter outfit. It is so fashion-wise, especially in this season's fresh oranges and greens, or any of 180 other colors and shades. For best results the shoes must be white fabric and untreated. That means you haven't put any white shoe polish on them. Bring the dress or a sample of the material, select the shade and soon you'll be set to join the Easter parade in shoes of "living" matching color. Hurry, so's to miss the rush, to Van Meter's Shoe Repair Shop at 1254 Broadway, Walnut Creek.

If you are an experienced traveler, you know it adds to the enjoyment of your trip to read up on a place before you go. So before you and your family are launched into the next century, I know you will enjoy reading Sunset's newest Travel Book, "Pacific Northwest and Century 21." It is a complete guide to travel in our four northwestern states and Canada with full information on Seattle's 1962 World's Fair—176 pages, 220 photos and maps, \$1.95. These books are understandably in great demand, but I happen to know that Mr. Bru at Contra Costa Stationers placed an order last week so if you hurry, you'll get to the store just about the time they do. You might phone first (YE 4-4302 or 283-6720), to make sure they are in and to reserve your copy. That's at Contra Costa Stationers, 1410 Broadway Plaza, Walnut Creek, also 15 Fiesta Lane, Lafayette.

Best Bets is happy to welcome The Fashion, a brand new and beautiful ladies apparel store, opening this week at 1411 Broadway Plaza, to the fine family of stores in the Broadway Shopping Center. If you've been watching this store in the building you'll agree, if the clothes are as dashing as the architecture, it's going to be an exciting addition to the center. For more information on their Grand Opening read the back page of this section.

Speaking of fashion generally, I'll bet it's no cinch to be a designer. They have to change things each season just enough so the new clothes don't look too peculiar to wear but your old ones do. Those

## College Dental Classes Will Aid in Clinics

Diablo Valley College's two dental assisting classes will visit the Sheraton Palace, San Francisco, April 9. The following day the same classes will attend the Ninety-second Annual Meeting of the California Dental Association at the Fairmont Hotel in San Francisco. Antonia Barnes, Walnut Creek, will present a "Tooth Truth" project-demonstration in one of the clinics scheduled for the dental assisting convention.

At the dental convention two other Diablo Valley College students, Miss Alice Butler, of Mar-

Magnin at the outdoor fashion show at the Mt. Diablo Therapy Center, Broadway Shopping Center, scheduled for 1:30 p.m. Saturday at Broadway Shopping Center.

### Anti-Noise Is Suggested

Acoustical ceiling tiles are the sound that would otherwise bounce back into the room. These tiles are natural home do-it-yourself materials.

They soak up noise like a sponge soaks up water, and absorb 75 to 85 per cent of the sound that would otherwise bounce back into the room. They can be installed easily by the homeowner if he follows the instructions carefully.

## Schedule Announced for 'A Day at the Fair'

"A Day at the Fair," Broadway Shopping Center's delightful spring event to be held Saturday, will feature competition for Channel 13's "KOVV Girl" and a series of other events exciting to the whole family.

A girl who lives in this county will be chosen in front of the Lucky Store Saturday afternoon to compete for the title in Sacramento.

"A Day at the Fair" is part of Broadway's Easter Parade, starting tomorrow and running through April 21.

The appearance of "Captain Delta," known to all young watchers of KOVR-TV, will begin the afternoon program in front of the Lucy Store.

"Captain Delta" is skipper of the Valley Queen, famous for its trips up and down the Sacramento River during the Gold Rush.

Next on the agenda will be the "Broadway Fashion Show," featuring 60 Mt. Diablo Therapy Center volunteer models from 1:30 to 3:30 p.m.

The finals of the KOVR girl contest will begin at 3 p.m. and awards will be given at 3:30 p.m.

The colorful sidewalk cafe will be open from 11:30 a.m. to 4 p.m. during "A Day at the Fair."

Hundreds of Mt. Diablo Therapy Center volunteers are selling tickets to the Sidewalk Cafe. Awards will include two expense paid trips to the Seattle World's Fair.

## Junior College Pay Now Averages \$8,111 Per Year

Average salary for Contra Costa Junior College District

instructors this school year is \$8,111, according to a survey completed by William J. Kilby, the district's chief accountant.

The district currently employs 210 certificated personnel at its two colleges in San Pablo and Concord, of which 175 are full-time teachers.

The district salary schedule is divided into four classifications—each with 17 salary steps—with a minimum starting wage of \$5,140 and a maximum of

\$10,230. There is no ceiling on salaries and teachers automatically receive annual increase of \$130, \$260 and \$350, depending upon salary steps. The majority receive the \$260-\$350 yearly increment.

Within this last fiscal year most new teachers have been hired at a \$6,540 starting rate. In addition to their basic salaries, teachers in certain fields may earn as much as \$12,480 more a year if they teach an allowable maximum of 108 hours in the part-time program, a week.

## Broadway's A Day at the Fair

and a maximum of 100 hours in the summer session program. Taking on such a teaching load, however, is a rarity.

The district pays \$6 an hour for extra teaching, compared to an average of \$5 paid by some of the country's larger high school districts.

Teachers work a 10-month year, broken down into approximately 180 teaching days. They are required to be on campus 25 hours a week.

The normal time spent in the classroom is from 15 to 27 hours in the part-time program, a week.

## Air Force Recruit Office Open Monday

The United States Air Force Recruiting Office, 2183 Concord Boulevard, Concord, will remain open Monday nights until 9 p.m., according to Technical Sergeant Thurston L. Egan, local recruiting representative.

"The new hours will afford many persons an opportunity to visit the office who are normally unable to do so," said Sergeant Egan.

## Buchanan Field Work Awarded To Company

Supervisors Mel F. Nielsen and Edmund A. Linscheid announced that a contract for the extension of the existing water and sewer lines in Buchanan Field was awarded to M.G.M. Construction Co. of Concord who submitted a bid of \$13,830, the lowest of four bids.

The construction consists of the installation of a sewage lift station and approximately 600 feet of 8-inch sanitary sewer and 500 feet of 8-inch asbestos-cement pressure water lines.

The extension is designed to serve the proposed Patterson Building and is an element of the water and sewage service systems necessary for complete development of Buchanan Field.

Plans are underway to continue this extension so that the development proposed for the very near future can be realized. The estimated construction cost was \$20,000.

The project was designed by the Sewage, Waste and Water Division and the construction inspection will be performed by the Construction Division of the County Public Works Department, Victor W. Sauer, director.

## YMCA Sends Delegation To Berkeley

A delegation of eight directors represented the Mt. Diablo YMCA at the 28th annual meeting of the Pacific Southwest Area Council of YMCAs in Berkeley, last weekend.

Members of the local delegation are President Irvin Deutscher, Secretary Roy Condeff, John McCombs, Burnell Semrau, Robert Ballock, Alan Lindsey, Don Krampe and John Price.

They joined some 300 other delegates from YMCAs in Hawaii, Nevada, Arizona, New Mexico and California in several groups to discuss purposes and programs of the YMCA.

Speakers included Dr. Robert E. Burns of Stockton, president of the University of the Pacific; George E. Gullen, Jr. of Detroit, director of labor relations for American Motors Corporation; and Dr. Harland E. Hogue, professor of homiletics, Pacific School of Religion, Berkeley.

The council meeting is the annual business session of the Young Men's Christian Associations of the Pacific Southwest Area.

In addition to the business of the council, small work group sessions will be held on the older teen-age students, the non-student teenagers, programs for women and girls, and fitness program for youth.

## Lighting Should Be Ample in Home

You can increase the physical comfort of your home, upgrade its resale value and enjoy better all around living if your house has ample lighting fixtures, well placed to provide proper light balance.

Five functions of light that should be considered in making your lighting decisions:

1. Impression lighting. Used to create dramatic and decorative effects on furnishings, walls and objects in every room and the exterior of the home.

2. Comfort lighting. Lighting for overall personal comfort when reading, studying, playing cards, dressing and working.

3. Convenience lighting. Functional light for the many everyday chores and tasks necessary about the house.

4. Safety lighting. Night lights to guard against bumping into objects or stumbling on stairways and halls.

5. Protection lighting. Used for outdoor safety along driveways and entrances and on the grounds.

## Fur Uses Changing

Times and customs change, and so do furs. Nowadays, mink isn't limited to frigid weather—women wear "small" or "little" mink fashions around the calendar.

Air conditioning is one important reason for the change.

Lighter colors, lighter weights and softer minks in more summerlike proportions—cardigans, stoles, capelettes and boleros—help to make furs appropriate for 90-degree weather.

New mink fashions for '62 include many designed expressly for spring and summer wear. Jackets are short, often sug-

gesting a casual sweater or the Chanel look.

Stoles, always a favorite, are given an April-to-September look with built-in standaway collars.

Boleros are brief, ending well above the waist, with wide, deep V-necks for an airy open-throat effect, to show off summer jewelry and suntans.

Small fur fashions in mink are seen in a wide range of natural Emba colors, from snow white to beige and blues, grays, violets, dark gunmetal gray.

There is a color to compliment any complexion, hair hue or taste.

## Pre-Easter Fashion Show Is Planned

Capwell's will present a pre-Easter fashion show, Friday night.

The show, featuring what is new and fashionable and exciting in coats, suits and dresses appropriate for Easter Sunday and throughout spring and summer, will be held at 7:30 in the Better Dress Department, second floor.

The show will be modeled by leading Bay Area professional models and commented by Mrs. Sandra Derby, Capwell's Walnut Creek fashion coordinator.

There is no charge.

### San Ramon Students Win Way Into Merit Finals

San Ramon Valley High School entrance examinations which each semi-finalist was required to take last December.

The way is now clear for each to be granted a four-year scholarship at the college or university of their choice.

Selection is based on a percentage by state with some 10,000 scholarships being offered each year by the National Merit Foundation.

Final selection was based on the students scores in the col-

lege entrance examinations which each semi-finalist was required to take last December.

The students, John Almasy, Barbara Arnold, Cathy Bailey, Barbara Boohar, Alan Clute, Jim Cramer, Ingrid Darwin, Dave Flick, Jim Galvin, Maryann Howard, Marian Jones, John McCord, Doug McKinley, Mike Powell and Sharon Wer-

felmenn were chosen on the basis of their scores on the college boards.

Finalists will be chosen on the basis of high school record and financial need. The scholarships can be as high as \$900 to be applied to any California college. The scholarships are renewable if a satisfactory record is maintained at college.

Money is like an arm or leg—use it or lose it.

### Knox Announces Bid for Reelection

John T. Knox, Richmond attorney, announced last week that he would seek his party's nomination in the June primary election for the seat he now holds.

A Democrat, Knox was elected to represent the 11th Assembly District in November, 1960, when he swamped his Republican opponent by 20,000 votes.

At a recent convention of the Federation of Democratic Clubs, Knox was unanimously endorsed for the Assembly post in the new 11th Assembly District, which now includes Crockett, Kensington, Orinda, Moraga and Lafayette, in addition to Richmond, San Pablo, El Cerrito, Pinole, Hercules and Rodeo.

WINDING UP his first term in the state legislature, Knox was honored by appointments to the important Assembly Rules Committee and the "Little Hoover" commission which will examine the operations of state government.

The incumbent assemblyman is a vice-chairman of the committee on governmental efficiency and economy; member, assembly committees on criminal procedure, industrial relations, revenue and taxation, finance and insurance.

Knox campaigned in 1960 on a program of protecting the consumer and has been the author and co-author of a number of bills affecting the consumer.

HE CO-AUTHORED a bill to remove the sales tax on prescription drugs; helped draft legislation to place federal type protection on cosmetics manufactured in the state; authored legislation to protect the buyer against being overcharged on sales taxes and increased consumer protection of installment sales contracts. He also supported a measure to protect consumers from being bilked by health and dance studios; worked to establish proper labeling where there are hazardous substances, and supported legislation to prevent fraud in termite legislation.

The Assemblyman said he has "a deep concern about the problems of the unorganized consumer. I want to continue to work in this area, an area in which the health, the safety and the cost of living of our people are affected."

"I'm also concerned about the effect of automation and how the united effort of educators, labor and management can make progress in reducing the unemployment load."

Assemblyman Knox resides with his wife, Jean, and their three children at Point Richmond. The 37-year-old legislator was educated in the public schools of Alhambra, California.

In addition to actively participating as a member of the National Association of Real Estate Boards, she is a member of the state-wide association's ethics and professional standards committee.

### Those Slacks Will Fit You

Slacks for spring are expressly designed to fit every man "to a T."

For the tall, slender man there are the new slim slims, usually the beltless "hugger" type. For the middle-sized man there are trim (but still traditional) slacks, plain front or single pleat, with or without belt loops.

For the heavier man, single pleat, belt loop types will predominate.

Blue tones are gaining in popularity, although the olives and grays are still the top choices. Solid tones will be far in the lead, and patterns will be muted.

### High and Low

High in front, low in back is the way of many waistlines. Cutaway jackets contribute much to this silhouette.

## Donation or Not, Seals Are to Use

Easter Seals Contra Costa residents received in the mail are theirs to keep and use even if they do not send a contribution to the Crippled Children's Society.

Paul Leschine, county-wide chairman of the annual drive said yesterday:

"If you give what money you can, fine. But even if you miss contributing, you can still help by using Easter Seals on your letters and packages."

He explained that the seals, when seen on personal or business mail, will call attention to the needs and hopes of the handicapped.

## Richard Johnsons Back From Honeymoon Trip

At home to friends now at 2601 College Avenue, Berkeley, are Mr. and Mrs. Richard Johnson. The bride, formerly Suzanne Waldron, is the daughter of the L. T. Waldrons, 3249 Quandt Road, Lafayette.

She and Richard were married recently at a beautiful formal service at St. Perpetua Catholic Church, Lafayette. They have been on an extended honeymoon which included New Orleans, Nassau and Miami Beach.

Reverend Father Felix Flynn officiated at the double-ring ceremony. White chrysanthemum and stock decorated the main altar and white stock on

the pews.

The lovely bride walked down a white runner lining the center aisle on the arm of her father. She wore a lace dress with fingertip veil held in place by a petal shaped lace cap dotted with pearls. Her bouquet was of white orchids and stephanotis. Pearls were placed in the center of her flowers.

Mrs. J. A. Fox, the bride's sister, was matron of honor. She wore a red satin dress with scoop neckline and matching shoes. Her hat was veiled. In her gloved hands she carried a crescent shaped bouquet of white carnations.

The other three attendants

were attired the same as the matron of honor. They were: Mrs. Robert Bostock, Miss Jean Grant and Mrs. J. T. Ring bearer was Rickie Serpa.

Richard's best man was Merton Dowling. Ushers were: Marvin Cooper, Richard Christner, Paul Cyril, James Serpa, Herb Jackson and Richard Rosa.

The reception for 250 guests was held at 1 p.m. at the Montclair Women's Club.

The bride attended Notre Dame High School and Contra Costa Junior College. The groom is a graduate of Hastings Law School, University of California. He is a member of Phi Delta Phi legal fraternity and the American Bar Association. He is with Pillsbury, Madison and Sutro law firm in San Francisco.

**Taxpayer Boss Says Percent Is Right Raise**  
President E. L. Slagle of the Contra Costa County Taxpayers' Association has stated that "the only type of salary increase for county civil service employees that is fair to all, and which will retain existing relationships, is a percentage increase applied to existing salary ranges."

President Slagle explained, "Obviously, a flat dollar amount across-the-board will reduce the salary spread between higher and lower paid positions. The present county civil service salary structure is based upon an expensive and time-consuming process of job classification to establish the fair relationship of one job to another."

"Any type of flat dollar amount per month increase will harm the relationship of various jobs and will require additional heavy expenditures to

"If the salary survey of other governmental units and private businesses in the area presently being conducted by the county civil service commission indicates that a salary adjustment is required to maintain proper salary levels, then we urge the Civil Service Commission and the Board of Supervisors to act upon a percentage increase rather than any fixed dollar amount per month across-the-board."

"Such a policy also would be more economical for the county's taxpayers. For example, the flat per month salary increase requested by union spokesmen could cost the county's taxpayers over \$2 million per year in addition to an unmeasurable amount to correct inequities which would result from such ill-advised action. Any reasonable percentage increase would cost far less than this amount."

## 'Number Plee-uz?' Day Of Name Prefix Going

The days of the name prefix telephone number are numbered. Telephone numbers appearing in our Contra Costa Pacific Telephone directory for August, 1962, will be all numerical.

The 1962 directory had a different look than the preceding one, you may recall. Instead of name prefixes, just two capital letters were printed. This was a sort of preview of the "new look" of the forthcoming edition, the telephone company's way of breaking us in gradually to their new all-numeral system.

THERE is a very good reason for the transition from the alphabetical to the numerical, according to the company spokesmen. By 1970 they would have run out of name prefixes and all recognizable combinations of letters. The first and last dial openings not in use now with letter prefixes will be used in numerical combinations.

There are some eight million phones using this new system in the United States and 60,000 of them are presently in use in Contra Costa County. The Lafayette exchange was one of the first in the county to change over to the new all-numeral system. The prefixes 283 and 284 have become familiar to us during the past year. Now all we have to do is to remember that CL 4 becomes 254 and DR 6 will be 376. Our area code remains 415, of course.

Many subscribers in Orinda and Moraga already are using their new numbers. Beginning last October all new subscribers and those making phone changes in these areas were given the new type numbers. In fact, when the new directory comes out it is expected that one fourth of the telephone users will already have their new numbers. That's right, telephone statisticians estimate that each year one quarter of the telephone customers in California either move or change their phone numbers.

AT PRESENT the number of telephone subscribers in our area are: Moraga, 1659; Orinda, 4391, and Lafayette, 5266. Deliveries of the new directory will begin on July 18 and all books should be delivered by July 21.

Closing date for new or corrected listings on the white pages is June 13. Any changes to be made in the yellow advertising section must be in by Wednesday, May 23.

Speaking of yellow pages, open house.

There are some very useful household hints tucked away between the ads. And, did you ever take note of the perpetual calendar on the last page?

WITH ALL these new changes going on, you might ask, "What next?" The forecasting department of the PT&T has an answer: It could be push button dialing, with a different musical note to represent each number. We could then have faster service. The mechanical monster which monitors our phone calls could receive and transmit instantaneously our numbers by musical tones instead of taking the time it now does to digest the number of clicks after each digit is dialed.

A whole new ear in the entertainment world will go into effect if this musical note dialing goes into effect. There will be guips and cartoons by the score. Example, Kid: "Our telephone number is 'Yankee Doodle.' Or 'Listen, dear, they're playing our telephone number.'"

**Local Students 'Matriculated'**  
Twin Pines Day School and the California College of Arts and Crafts will be co-hosts at an open house today from 4:30 to 7 p.m. The event will be held at Twin Pines School at 3974 Manila Avenue, Oakland.

An exhibit will be displayed of paintings, sculptures and crafts done by young people who have been in CCAC Saturday morning classes or summer session last year, including many from Contra Costa County.

Anyone interested in either school is invited to attend the affair. Visitors are welcome to view the children's art show during April.

Twin Pines is a full-time private school for children from kindergarten through elementary ages. A few of Twin Pines' students also attend California College of Arts and Crafts Saturday or summer classes. Both schools emphasize individualized expression for each young student, as will be demonstrated in the open house displays.

CCAC summer session for adults and children, with classes in a great variety of the arts, start June 22 and end August 3. Teachers of both schools will greet the guests at the Friday open house.

## Valley Art Gives Grant To College

A grant of \$500 was made recently by the Valley Art Center to the California College of Arts and Crafts in Oakland. Mrs. Harold Powell, president of the art center, last week presented to Harry X. Ford, president of the college, a check for this amount to finance a pilot study for planning and organizing community art centers.

The immediate goal of the study will be plans for the future development of the Valley Art Center.

THE CENTER, which was founded 14 years ago, is presently located at 978 Hough Avenue, Lafayette. It is open to the public on Thursday, Friday and

Saturday from 10 to 4. The organization plans to occupy new quarters in the proposed Lafayette Community Center where there will be greater scope for full community participation in the art center's activities.

The Valley Art Center's primary aims are to bring fine art in all forms to the community and to act as an outlet for artists' works and a source for layman who enjoy them. It is also concerned with the teaching of art in various forms to children and adults, and sponsors a continuous schedule of classes at the center.
